RESOLUTION NO. 71- 60

(Resolution Opposing SB 333)

WHEREAS, Senator Dills has introduced SB 333 which proposes to establish a separate employee relations act for local police and fire employees separate from the Meyers-Miliias-Brown Act which requires compulsory binding arbitration to settle negotiation impasses between police and fire employee organizations and local public agencies; and

WHEREAS, establishment of a separate act for police and fire employees fragments employee relations program and sets the stage for further special acts in the future; and

WHEREAS, a compulsory binding arbitration feature of the Bill would seriously undermine the authority of local governing bodies to establish public policy by permitting significant binding decisions concerning all matters relating to employment conditions and employer-employee relations to be made by an independent arbitrator who has no political responsibility to the electors of this County,

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the County of Yolo that it opposes the passage of SB 333 and that the Clerk of this Board of Supervisors is requested to furnish copies of this resolution to Senators Marler and Dills, and to Assemblymen Z'Berg and Johnson, and to the County Supervisors Association of California.

RESOLUTION NO. 71-61

(Resolution Withdrawing Opposition to Colusa
Drain Flood and Encroachment Control Plan
and Requesting Congress to Authorize and Fund
a Study of the Flood and Drainage Problem of
the Colusa Basin and Yolo By-Pass)

WHEREAS, upon the request of the Knights Landing Ridge Cut
Water Users and Drainage Association this Board of Supervisors
on January 18th, 1971 adopted Resolution No. 71-11 opposing
adoption of the Colusa Drain Flood and Encroachment Control Plan
by the California State Reclamation Board; and

WHEREAS, the Chief Engineer and General Manager of the
California State Reclamation Board has assured said Association
that he will recommend to the Reclamation Board that all un-
permitted encroachments now located within the proposed flood
control plan from the mouth of the Knights Landing Ridge Cut to
the College City Riffel be approved by said Reclamation Board in
their present location and condition, and that he will recommend
that the said Reclamation Board issue permits for all of the
structures and irrigation facilities, roads, dykes, et cetera,
now existing without permits within the area represented by the
Knights Landing Ridge Cut Water Users and Drainage Association
and proposed to be placed under the control plan; and

WHEREAS, said Association has rescinded and withdrawn
its opposition to the adoption of the Colusa Drain and Encroach-
ment Control Plan and requests this Board of Supervisors to do
so; and

WHEREAS, this Board of Supervisors desires to express its
concern and desire to reopen the studies of the flood and drainage
problem of the Colusa Basin and the Yolo By-Pass;

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors
of the County of Yolo as follows:

1. This Board of Supervisors hereby withdraws its

1 opposition to the Colusa Drain Flood and Encroachment Control Plan
2 proposed by the State Reclamation Board and hereby rescinds
3 Resolution No. 71-11 expressing opposition to such plan.

4 2. Notwithstanding the withdrawal of its opposition to
5 said plan, this Board declares as follows:

6 a. That the proposed said plan does nothing to
7 alleviate the flooding conditions of the southern area of
8 the Colusa Trough and does not provide any protection to
9 alleviate additional flooding which may occur in the future.

10 b. That the continued high water level in the
11 Sacramento River adversely affects the drainage of flood
12 waters from the southern area of the Colusa Trough.

13 c. That the design of the flood plan as contained
14 in said plan is designed for approximately 34,000 C.F.S.;
15 whereas, the Knights Landing Ridge Cut is designed to handle
16 only 20,000 C.F.S., and that the Knights Landing Ridge Cut
17 needs enlargement to receive this additional flow.

18 d. That the adoption of the Colusa Drain Flood and
19 Encroachment Control Plan will achieve nothing unless the
20 structures proposed to be built under Bulletin 109 of the
21 Department of Water Resources of the State of California
22 are developed to relieve the flooding condition occurring
23 in the lower end of the Colusa Drain.

24 3. This Board of Supervisors requests the U. S. Corps
25 of Engineers to reopen and make a complete study of the flood and
26 drainage problem of the Colusa Basin and the Yolo By-Pass and in
27 particular the problem and solution thereof of the flooding con-
28 ditions at the southern area of the Colusa Trough and the discharge
29 of flood waters therefrom to the Yolo By-Pass or otherwise to pro-
30 vide a complete dissipation of such flood waters.

31 4. That the Congress of the United States is requested
32 to authorize and fund such studies by the U. S. Corps of Engineers.

5. That the Clerk of this Board of Supervisors is hereby directed to send copies of this resolution to Senators Cranston and Tunney, and to Congressman Leggett, and to the Reclamation Board of the State of California, and to the Knights Landing Ridge Cut Water Users and Drainage Association.

PASSED AND ADOPTED by the Board of Supervisors of the County of Yolo, State of California, this 10th day of May, 1971, by the following vote:

AYES: Edmonds, Bell, Duncan, Stephens, Espigares.

willing and anxious to work; and

WHEREAS, America's space technology is a vibrant force
that provides many economic and social spin-offs that benefit
America's economy and prestige; and

WHEREAS, the Space Shuttle, designed to put men and

(Resolution Making Proclamation of DECENT
HOUSING MONTH - JUNE 1971)

WHEREAS, the 1949 Federal Housing Act called for a goal of a decent home and suitable living environment for every American, and since that time Congress has consistently re-endorsed this goal; and

WHEREAS, the 1968 Housing Act established a national goal of 26,000,000 housing units in the next decade, of which 6,000,000 units were designated for low and moderate income persons; and

WHEREAS, over the past 30 years, government policies and programs have benefited the housing supply for middle income persons, but less than 800,000 units have been developed for the use of low and moderate income persons, and because of deterioration of existing housing, the supply of housing for low and moderate income persons has greatly decreased in comparison to other housing; and

WHEREAS, federal housing programs are inadequately funded to reverse this trend, and programs to supplement federal inadequacies and assist in the development of housing for low and moderate income persons are negligible, and non-existent in California, compared to the actions and programs of other states; and

WHEREAS, adequate, safe and decent shelter is a prime requisite to the welfare of every living human being, and the attainment of this prime requisite is in a state of crisis; and

WHEREAS, the California Housing Coalition, with a membership of over 200 organizations, is endeavoring to bring about state legislation that would effect a massive increase in low and moderate income housing in California, and improve the quality of life for those living in our existing housing supply; and

WHEREAS, it is important to focus the attention of all citizens in the State of California on support for passage of

1 meaningful legislation in these areas;

2 NOW, THEREFORE, BE IT RESOLVED that the Board of Super-
3 visors of the County of Yolo proclaims the month of June 1971 as
4 DECENT HOUSING MONTH, and urges all citizens and organizations to
5 cooperate, participate, and involve themselves in their equal

RESOLUTION NO. 71-71

(Resolution Urging Consolidation and
Simplification of TOPICS program)

WHEREAS, the Federal Aid Highway Act of 1968 authorized the expenditure of Federal funds for an urban traffic operations program to increase capacity and safety, known as TOPICS, and that this program was continued by the 1970 Act; and

WHEREAS, only six TOPICS projects are underway in the entire State of California involving a total TOPICS expenditure of about \$500,000 in spite of the fact that these funds have been available and the program organized for at least 18 months; and

WHEREAS, the prospect of improvement in this situation is rather bleak with a number of our local jurisdictions indicating they will be unable to utilize their current TOPICS assignments; and

WHEREAS, the Cities and Counties of California annually expend \$559,000,000 on their streets and highways of which \$306,750,000 is derived from the gasoline tax; and

WHEREAS, these funds are controlled by our local jurisdictions with the proviso that the State Controller annually audit the gas tax funds to determine that they are expended on our public street and highway systems in accordance with State laws; and

WHEREAS, TOPICS funds assigned to Cities and Counties run to about \$21,000,000 per year which represents only about 4 percent of the total City and County expenditures; and

WHEREAS, it is not rational that local jurisdictions can properly determine how to expend \$560,000,000 in non-TOPICS funds each year, but must involve in great detail the State and Federal government in the use of \$21,000,000 in TOPICS funds; and

WHEREAS, this County has been asked to reorient our files, procedures and programs to a format devised by the FHWA for uniform

1 application throughout the entire United States in connection with
2 projects of a type that should never be passed for basic decision
3 making to a higher governmental level; and

4 WHEREAS, for a number of years, the State Division of
5 Highways exercised stringent control over our gas tax programs
6 similar to the controls imposed under the TOPICS program; and

7 WHEREAS, about five years ago, our Cities and Counties
8 were successful in encouraging the Legislature to return responsi-
9 bility for local highway matters to the local level with no
10 problems being encountered to indicate that the removal of the
11 former burdensome controls resulted in any loss of efficiency or
12 laxity in administration; and

13 WHEREAS, it is essential that steps be taken to simplify
14 procedures so that TOPICS funds can be utilized by the Cities and
15 Counties of California; and

16 WHEREAS, it is also essential that the newly authorized
17 Urban program not be hamstrung with similar burdensome controls;

18 NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors
19 of the County of Yolo that:

20 1. The TOPICS Type II System and the newly authorized
21 Urban System should comprise a new, single system consisting of
22 all urban arterial streets and selected downtown grids as defined
23 on the recent Federal Classification and Needs Study except those
24 routes included on other Federal Aid systems.

25 2. Arterial streets or highway in the rural areas should
26 comprise the FAS System.

27 3. TOPICS and urban funds should be combined and earmarked
28 for street and highway improvements on the new integrated system.

29 4. The combined funds should be assigned to the State and
30 reallocated under State law or Federal regulations to local juris-
31 dictions for right of way acquisition and construction.

32 5. Control of the funds by the State or Federal

1 government should be similar to that employed in the control of
2 State gas tax funds currently utilized by local jurisdictions;
3 and

4 BE IT FURTHER RESOLVED that the Clerk send copies of this
5 resolution to Senators Cranston and Tunney, Congressman Leggett,
6 the County Supervisors Association of California, and to the
7 Statewide TOPICS Advisory Committee.

CONCURRENT RESOLUTION

*Lake Co.

71-164

71-I

*Resolution
71-16*

County of Yolo, and Yolo County Flood Control and Water Conservation District.

RESOLUTION stating policy of cooperative effort to achieve maximum benefit to both Lake and Yolo Counties from conjunctive operation of Clear Lake and Indian Valley Reservoirs.

WHEREAS preliminary studies indicate that major reduction in flood damage around Clear Lake could result from enlargement of the lake outlet and coordinated flood control operation with the Indian Valley Project; and WHEREAS it appears likely that if such flood protection measures were taken, additional water supplies and higher summer lake levels in Clear Lake would result in many years; and

WHEREAS the existing decrees governing the lake levels and outlet conditions were based on early water records and criteria which will not apply after the Indian Valley Project is in operation; and

WHEREAS further study is needed to determine the facts and establish workable criteria for the conjunctive operation of Clear Lake and Indian Valley.

NOW THEREFORE, BE IT RESOLVED BY the Board of Supervisors of the County of Lake; the Board of Supervisors of the County of Yolo; the Board of Directors of the Lake County Flood Control and Water Conservation District; and the Board of Directors of Yolo County Flood Control and Water Conservation District as follows:

- 1) It shall be, jointly, and severally, the policy of the parties hereto that each shall work cooperatively with the others to the end that the greatest public good shall be derived from the construction and operation of Indian Valley and Clear Lake reservoirs.
- 2) The parties shall jointly take such steps as may be necessary to promptly secure a feasibility grade study and report defining the benefits and costs of providing optimum flood control around Clear Lake and on Cache Creek, additional water supplies in the basin, and a higher and more uniform water level on Clear Lake during the summer.
- 3) In connection with such study and report, the parties do hereby request the Sacramento District office of the Corps of Engineers to

XEROX

- 1 include such work as a priority item in its comprehensive basin
2 investigations of Cache Creek presently underway, and in close
3 cooperation with the parties hereto.
- 4 b) Based on substantiating engineering evidence, the Parties shall
5 undertake such modification or replacement of existing decrees as
6 may be appropriate.
- 7 5) The parties shall share equitably in the cost of such studies and
8 actions and shall likewise share equitably in the water supplies
9 that may be created in Clear Lake by the outlet works and the
10 conjunctive reservoir operation made feasible thereby as mentioned
11 above, the specific proportions in such sharing to be recommended
12 by the working committee established by this resolution.
- 13 6) For the purpose of planning and carrying out the objectives above
14 outlined, a working committee to be comprised of two members of
15 the Board of each party is hereby established, each member to serve
16 at the pleasure of his Board. Neither the members nor the committee
17 shall have the power to bind or obligate the party or parties in
18 any manner whatsoever. All recommendations of the committee shall
19 be presented to the parties for concurrence and action as appropriate.

20 IN WITNESS WHEREOF, the parties have caused this resolution to be executed as
21 of the 28th day of June, 1971.

SPECIAL NOTES:

Education Code Section 21809 provides that the bonds shall be signed by the chairman of the board of supervisors, "or by such other member thereof as the board of supervisors shall by resolution adopted by a four-fifths vote of all its members, authorize and designate for that purpose". If it is desired to have the bonds signed by such member rather than the chairman, then the Resolution and Order, and the bond form, should be changed accordingly, and the Resolution and Order must be adopted by such four-fifths vote.

Education Code Section 22051 provides for redemption of school bonds prior to their maturity at the option of the governing board of the school district. The prescribed statutory procedure and the wide diversity of possible redemption provisions render impracticable a general printed form for such matters. It is therefore suggested, should redemption provisions be desired, that competent financial and legal advice be first obtained.

WHEREAS, Senator Dehr has introduced Senate Bill 107 which proposes enactment of the Wild and Scenic Act which would create a system of wild and scenic rivers which would be preserved in a free-flowing state and protected from dams or other man-made improvements; and

WHEREAS, said legislation proposes the inclusion in said system of the Klam, Trinity and Klamath Rivers; and

1. This Board of Supervisors opposes the enactment of Senate Bill 107.

RESOLUTION NO. 71-114

(Resolution Opposing Deletion of State
Route 84 from the State Highway System)

WHEREAS, the State of California, Department of Public Works, is currently reviewing the California Freeway and Expressway System in conformance with Section 256 of the California Streets and Highways Code; and

WHEREAS, such study indicates that State Route 84 in Yolo County between Route 80 in West Sacramento and Route 880 in Bryte is proposed to be deleted from the State Highway System,

NOW, THEREFORE, BE IT RESOLVED that this Board does oppose said proposal to delete Route 84 and requests that the State review this proposal for the following reasons:

1. The current deficiency on this highway as estimated by the Division of Highways is just under \$3.5 million.

2. This Route serves as a major connection between Interstate 80 and Interstate 880 in West Sacramento area.

3. The route adoption report of the California Highway Commission dated 10-19-66 on this route, which was added to the State Highway System in 1965 by the Legislature stated that "The construction of this route will provide a key connector not now existing thus improving traffic service and adding to convenience and safety of motorists".

4. This route will provide a connection with the proposed new State Highway Patrol Facility currently being planned at the intersection of Route 84 and Interstate 880 freeway.

BE IT FURTHER RESOLVED that copies of this resolution be forwarded to Senator Fred Marler, Assemblyman Ray Johnson, James A. Moe, Public Works Director, State of California, and W. L. Warren, District 3, Division of Highways.

PASSED AND ADOPTED by the Board of Supervisors of the

1 County of Yolo, State of California, this 2nd day of August,

RESOLUTION NO. 71-115

(Resolution Opposing Deletion of State Route
45 from the State Highway System)

WHEREAS, the State of California, Department of Public Works, is currently reviewing the California Freeway and Expressway System in conformance with § 256 of the State Streets and Highways Code; and

WHEREAS, this study indicates that State Route 45 from Route 113 near Knights Landing to the Colusa County Line is proposed to be deleted from the State Highway System; and

NOW, THEREFORE, BE IT RESOLVED that this Board does oppose said proposal to delete Route 45 and request that the State review this proposal for the following reasons:

1. State Route 45 between Route 113 near Knights Landing and Route 20 near Meridian and its continuation from Colusa to Route 162 near Hamilton City were not properly classified in the functional classification study in that these routes should have been classified as connector routes instead of a major collector, since Route 45 in this area is the only major north-south State Highway serving a vast agricultural area and provides service for long trip travel between other state highways and metropolitan areas and also serves as a connection between County Seats in Glen, Colusa, and Yolo Counties.

2. The State's latest deficiency Study indicates that reconstruction will cost an estimated \$750,000 to bring this route to current highway standards for the 12.9 miles lying within Yolo County and requires maintenance in excess of \$24,000 per year based on the most recent costs available.

BE IT FURTHER RESOLVED that copies of this resolution be forwarded to Senator Marler, Assemblyman Ray Johnson, Mr. James A. Noe, Director of Public Works, State of California, and W. L. Warren, District 3, Division of Highways.

9 WHEREAS, the owners of real property set forth in said

11 even date with this Resolution and making reference hereto, as
12 authorized by said Conservation Act, which Contracts impose en-

14 which is located in said Agricultural Preserve and known as the
15 Assessor's Parcels as set forth in said Exhibit "A"; and

16 WHEREAS, the Board of Supervisors has heard and considered

18 tracts; and

19 WHEREAS, in the judgment of this Board of Supervisors, it

21 NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the
22 Board of Supervisors of the County of Yolo as follows:

- 23 1. Each of the foregoing recitals is true and correct.
- 24 2. The action taken by this resolution is in conformance
25 with the Yolo County General Plan.
- 26 3. The agricultural preserve which includes the territory
27 described in said Exhibit "A" consists of no less than
28 160 acres.
- 29 4. The territory described in said Exhibit "A"
 - 30 a. is designated for agricultural use in the Yolo
31 County General Plan

- 1 acres in area,
- 2 c. is predominantly Class I, II, or III soils, or
- 3 satisfies the purposes of the agricultural
- 4 preserve in the following ways:
- 5 1) tends to maintain the agricultural economy,
- 6 and
- 7 2) tends to prevent premature or unnecessary
- 8 conversion from agriculture, and
- 9 3) tends to assist in the preservation of
- 10 prime lands, and
- 11 4) to preserve lands with public value as
- 12 open space.
- 13 5. Said Agricultural Preserves are hereby declared
- 14 established or enlarged to include the territory
- 15 described in said Exhibit "A", for the purpose of
- 16 defining the bounds of those areas within which the
- 17 County of Yolo is willing to enter into land use
- 18 contracts pursuant to the Land Conservation Act
- 19 of 1965.
- 20 6. A map of such agricultural preserves is attached
- 21 hereto marked Exhibit "B" which is incorporated by
- 22 reference.
- 23 7. The terms and conditions upon which the County of
- 24 Yolo is willing to enter into land use contracts are
- 25 as follows:
- 26 FIRST: DECLARATION. This Land Use Contract is made
- 27 and entered into pursuant to the California Land
- 28 Conservation Act of 1965 as amended (Chapter 7 of
- 29 Part 1 of Division 1 of Title 5 of the Government
- 30 Code of California commencing with § 51200), herein-
- 31 after referred to as "the Act", including Article 3
- 32 of said Act entitled "Contracts" and is subject to

1 all of the provisions thereof pertaining to con-
2 tracts. It is the intent of the parties that the
3 restrictions imposed upon the subject property by
4 this Contract shall constitute those which may be
5 imposed upon property by Contract under the afore-
6 mentioned Act. The execution and recordation of
7 this Contract shall in no way restrict COUNTY or
8 OWNER from utilizing or benefiting from future con-
9 servation or agricultural legislation enacted by
10 the California Legislature. Should COUNTY agree
11 to any provision in any other Contract under the
12 Land Conservation Act which provision is not in-
13 cluded herein and OWNER requests the inclusion of
14 such provision in this Contract such provision shall
15 be deemed added to this Contract upon written re-
16 quest of OWNER to COUNTY and any other provision
17 hereof inconsistent with said provision shall be
18 deemed to be of no force and effect to the extent
19 of such inconsistency.

20 SECOND: RESTRICTIONS. During the term of this
21 Contract and any and all renewals thereof, the subject
22 property shall not be used for any purpose other
23 than agricultural use and the uses determined by
24 COUNTY pursuant to Government Code §§ 51231 or 51238
25 or by the Land Conservation Act of 1965 as amended
26 to be compatible with the agricultural use of land
27 within this preserve and subject to contract. No
28 structures shall be erected upon subject property
29 except such structures as may be directly related
30 to authorized uses of the land. The parties, through
31 appropriate action by COUNTY'S Board of Supervisors
32 in accordance with the Act and its rules adopted

1 thereunder, and written consent of OWNER, may from
2 time to time during the term of this Contract and
3 renewals thereof add to and/or delete from said
4 permissible uses of the subject property. If any
5 use otherwise permissible hereunder is not permis-
6 sible under any planning or zoning restriction now
7 or hereafter applicable to any of the property
8 then it shall likewise be deemed not legally avail-
9 able to OWNER by the provisions of this Contract,
10 and if any use is permissible under any such planning
11 or zoning provision but is not determined as set
12 forth above to be compatible with the agricultural
13 use of land within this preserve and subject to
14 contract, then it shall not be deemed legally avail-
15 able to OWNER hereunder.

16 THIRD: EMINENT DOMAIN. When any action in eminent
17 domain for the condemnation of the fee title of an
18 entire parcel of land subject to a contract is
19 filed or when such land is acquired in lieu of
20 eminent domain for a public improvement by a public
21 agency or a person or whenever there is any such
22 action or acquisition by the Federal government or
23 any person, instrumentality or agency acting under
24 authority or power of the Federal government, such
25 contract shall be deemed null and void as to the
26 land actually being condemned or so acquired as of
27 the date the action is filed, and for the purposes
28 of establishing value of such land the contract shall
29 be deemed never to have existed.

30 When such an action to condemn or acquire
31 less than all of a parcel of land subject to a con-
32 tract is commenced, the contract shall be deemed

1 null and void as to the land actually condemned or
2 acquired and shall be disregarded in the valuation
3 process only as to the land actually being taken,
4 unless the remaining land subject to contract will
5 be adversely affected by the condemnation, in which
6 case the value of that damage shall be computed
7 without regard to the contract.

8 The contract shall be null and void for all
9 land actually taken or acquired; provided, however,
10 that should any such action be dismissed, or should
11 any interest be conveyed for non-public use, the
12 contract shall be reinstated as of the date the
13 action is dismissed or the conveyance is recorded.

14 FOURTH: TERM AND RENEWAL. The initial term of the
15 Contract shall be for ten (10) years, commencing as
16 of the first day of March next succeeding the date
17 of approval of the Contract by the Board of Super-
18 visors of the County of Yolo, and shall terminate
19 on the last day of February of the tenth (10th) year
20 thereafter. The first day of March shall be deemed
21 to be the "anniversary date" of the Contract, and on
22 the anniversary date of the Contract a year shall be
23 automatically added to the term unless notice of
24 non-renewal is given as herein provided. If either
25 OWNER or COUNTY desires in any year not to renew
26 the Contract, that party shall serve written notice
27 of non-renewal of the Contract upon the other party
28 in advance of the anniversary date. Unless such
29 written notice is served by OWNER at least ninety
30 (90) days prior to the anniversary date or by COUNTY
31 at least sixty (60) days prior to renewal date, the
32 Contract shall be considered renewed as provided

1 above. At any time prior to the anniversary date
2 either party may in writing withdraw its notice of
3 non-renewal. Upon request by the OWNER, the Board
4 of Supervisors may authorize OWNER to serve notice of
5 non-renewal on a portion of the land under contract.

6 FIFTH: NO PUBLIC FUNDS. The OWNER understands that
7 he is not entitled to any public funds by reason of
8 the execution of the Contract or any renewal thereof
9 although the use of the subject property is limited
10 as aforesaid.

11 SIXTH: TERMINATION. Subject to the procedural
12 conditions contained herein, OWNER may elect to termi-
13 nate the Contract without penalty when one of the
14 following circumstances is found to exist:

15 (a) The laws of California cease to implement Article
16 XXVIII of the State Constitution in a manner
17 providing benefits and restrictions substantially
18 similar to those embodied in Article 1.5 (com-
19 mencing with § 421) of Chapter 3 of Part 2 of
20 Division 1 of the Revenue and Taxation Code. To
21 be substantially similar, it is hereby agreed that
22 said implementing measures must include provisions
23 for a land valuation system basing value of the
24 land on those uses legally available to OWNER as
25 the basis for assessment, and must not require
26 that OWNER permit entry of the public on subject
27 property.

28 (b) Future conservation or agricultural legislation
29 achieving a substantially similar public benefit
30 is enacted by the California Legislature and is
31 applied to subject property.

32 (c) The real property tax is abolished as a source

1 of revenue.

2 The following procedures shall be followed to elect
3 the termination of the Contract:

4 (a) Written notice of the election to terminate the
5 Contract shall be given the Board of Supervisors
6 of Yolo County by OWNER.

7 (b) The Board of Supervisors shall have thirty (30)
8 calendar days to review the proposal and the
9 information submitted in support thereof.

10 (c) If the Board does not act within said thirty (30)
11 days to set a hearing within an additional thirty
12 (30) days, it shall effect the termination by
13 recording a notice of termination with the County
14 Recorder and filing a copy thereof with the State
15 Department of Agriculture. If the Board so sets
16 a hearing, it shall give notice to OWNER and
17 shall consider the election to terminate in the
18 same manner as it would a request for cancella-
19 tion as provided in Section SEVENTH of the Con-
20 tract.

21 SEVENTH: CANCELLATION. The Contract may not be
22 cancelled in whole or part except pursuant to a re-
23 quest by OWNER as provided herein.

24 (a) The Board of Supervisors of COUNTY may approve
25 the cancellation of the Contract only if it finds
26 that cancellation is not inconsistent with the
27 purposes of the California Land Conservation Act
28 and is in the public interest. The existence of
29 an opportunity for another use of the land in-
30 volved shall not be sufficient reason for the
31 cancellation of the Contract. A potential
32 alternative use of the land may be considered

1 only if there is no proximate land not subject
2 to a Land Use Contract pursuant to the Williamson
3 Act suitable for the use to which it is proposed
4 the subject property be put. The uneconomic
5 character of an existing agricultural use shall
6 likewise not be sufficient reason for cancella-
7 tion of the Contract. The uneconomic character
8 of an existing use may be considered only if
9 there is no other reasonable or comparable agricul-
10 tural use to which the land may be put.

11 (b) Prior to any action by the Board of Supervisors
12 giving tentative approval to the cancellation of
13 any contract, the County Assessor shall determine
14 the full cash value of the land as though it were
15 free of the contractural restriction. The
16 Assessor shall multiply such value by the most
17 recent County ratio announced pursuant to § 401
18 of the Revenue & Taxation Code and shall certify
19 the product to the Board of Supervisors as the
20 cancellation valuation for the purpose of deter-
21 mining the cancellation fee.

22 (c) Prior to giving tentative approval to the cancel-
23 lation of the Contract, the Board of Supervisors
24 shall determine and certify to the County Auditor
25 the amount of the cancellation fee which OWNER
26 must pay to the County Treasurer as deferred
27 taxes upon cancellation. That fee shall be an
28 amount equal to 50% of the cancellation valuation
29 of the property; provided, however, if after the
30 date the contract was initially entered into, the
31 publicly announced county ratio of assessed value
32 to full cash value is changed, the percentage

1 payment in this subdivision shall be changed so
2 no greater percentage of full cash value will be
3 paid than would have been paid had there been no
4 change in ratio.

5 (d) If the Board of Supervisors finds that it is in
6 the public interest to do so, it may waive any
7 such payment or any portion thereof, or may make
8 such payment or a portion thereof contingent upon
9 the future use of the land and its economic re-
10 turn to OWNER for a period of time not to exceed
11 the unexpired term of the Contract had it not
12 been cancelled provided:

- 13 1) The cancellation is caused by an involuntary
14 transfer or change in the use which may be
15 made of the land, and the land is not im-
16 mediately used, for a purpose which produces
17 a greater economic return to OWNER; and
- 18 2) The Board of Supervisors has determined it
19 is in the best interest of the program to
20 conserve agricultural land use that such pay-
21 ment be either deferred or not required.

22 (e) When the deferred taxes required by this section
23 are collected, the County Treasurer shall distri-
24 bute the taxes in accordance with the provisions
25 of Government Code § 51283(d).

26 (f) Upon tentative approval of the cancellation peti-
27 tion, the Clerk of the Board of Supervisors shall
28 record in the Office of the County Recorder a
29 certificate which shall set forth the name of the
30 owner of such land at the time the Contract was
31 cancelled with the amount of the cancellation fee
32 certified by the Board of Supervisors as being

1 due pursuant to this section, the contingency of
2 any waiver or deferment of payments, and a legal
3 description of the property. From the date of
4 recording of such certificate the Contract shall
5 be finally cancelled and, to the extent the can-
6 cellation fee has not yet been paid, a lien shall
7 be created and attached against the real property
8 described therein and any other real property
9 owned by the person named therein as the owner
10 and located within the County of Yolo. Such lien
11 shall have the force, effect and priority of a
12 judgment lien. Nothing in this section shall pre-
13 clude the Board of Supervisors from requiring
14 payment in full of the cancellation fee prior to
15 the cancellation becoming effective.

16 (g) In no case shall the cancellation of a Contract
17 be final until the notice of cancellation is
18 actually recorded as provided herein. Notwith-
19 standing any provisions of the Revenue & Taxation
20 Code, any payments required by this section shall
21 not create nor impose a lien or charge on the
22 land as to which a contract is cancelled except
23 as herein provided.

24 (h) Upon the payment of the cancellation fee or any
25 portion thereof, the Clerk of the Board of Super-
26 visors shall record with the County Recorder a
27 written certificate of the release in whole or
28 in part of the lien.

29 (i) No tentative approval of cancellation may be
30 given until after the Board of Supervisors has
31 caused notice to be given of and has held a
32 public hearing on the matter. Notice of hearing

1 shall be mailed to each and every owner of
2 property under contract within this agricultural
3 preserve and shall be published pursuant to
4 § 6061 of the Government Code. The owner of any
5 property located in the County of Yolo may pro-
6 test such cancellation; however, such protest
7 shall be advisory only and shall not be binding
8 upon the Board of Supervisors.

9 EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event
10 the subject property of the Contract is divided, a
11 Contract identical to the Contract then covering the
12 original parcel shall be executed by OWNER on each
13 parcel created by the division at the time of the
14 division. Any agency making an order of division or
15 COUNTY which has jurisdiction shall require, as a
16 condition of approval of the division, the execution
17 of the Contracts provided for in this paragraph.

18 NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of
19 any land under the Contract from an agricultural
20 preserve either by change of boundaries of the pre-
21 serve or disestablishment of the preserve shall be
22 the equivalent of a notice of non-renewal by COUNTY.

23 TENTH: SUCCESSORS IN INTEREST. The Contract shall
24 run with the land described in it and shall be bind-
25 ing upon the heirs, successors and assigns of the
26 OWNER and COUNTY.

27 8. The uses determined by COUNTY to be agricultural
28 uses and uses compatible with the agricultural use
29 of the land within the preserve and subject to con-
30 tract are as follows:

31 A. Agricultural Uses:

- 32 1. Agriculture, including any customary

1 agricultural buildings and structures, and
2 such uses as, but not limited to, livestock

6 not limited to that authorized by the Crop
7 and Adjustment Act, tree crops, nurseries

9 equipment and facilities for support and
10 maintenance of the operation.

11 2. Animal feed yards when more than 1000 feet
12 from any existing dwelling.

13 3. Hog farms.

14 B. Compatible Uses:

15 1. Ranch and farm dwellings appurtenant to a
16 principal agricultural use when located on
17 a parcel containing at least twenty (20)
18 acres.

19 2. Drilling and operation of oil and gas wells.

20 3. Electrical distribution substations.

21 4. Public parks and recreation areas.

22 5. Living quarters of persons employed on the
23 premises and relatives of the property owner
24 or lessee; but not including labor camps.

25 6. Mobile homes may be used as living quarters
26 when they are located on land used for agri-
27 cultural purposes and are appurtenant to
28 such agricultural use, provided that there
29 may not be more than one mobile home for each
30 ten (10) acres of total site area.

31 7. Temporary shelters for herdsmen including
32 mobile homes, wagons, tents and the like.

- 1 8. Guest houses, not rented or otherwise con-
2 ducted as a business.

5 duct of a principal permitted use.

29 permanent buildings.

RESOLUTION NO. 71-127

LAURENCE, P. HENIGAN, Clerk

By John E. Hagan Deputy

WHEREAS, Section 39296 of the Health and Safety Code prohibits the use of open burning dumps after December 31, 1971, and

WHEREAS, Section 39297.4 of the Health and Safety Code provides for the continued use of open burning for a limited time under certain conditions with a permit issued by the Air Resources Board, and

WHEREAS, the Air Resources Board, has by resolution 71-31 established the procedure for the board of supervisors to apply for a permit to continue open burning on a temporary basis, and

WHEREAS, the County of Yolo does not have a solid waste disposal site at Bryte, California currently using open burning as the method of disposal, and

WHEREAS, the County has found it desirable to continue open burning beyond the December 31, 1971, deadline, because of sparse population, the geographic location, economic and technical difficulties enumerated as follows:

1. The East Yolo disposal site is located at the westerly end of County Road 126 approximately 2 miles Northwest of the town of Bryte, in the projected Section 25 of T 9N, R 3 E MDM occupying 7½ Acres. The area within 10 miles radius has a total population of 229,530.

3. Approximately 2500 cu. yds. of waste material is dumped per week.

4. It is 20 miles to the nearest site with an approved method of disposal which is the City of Davis Dump.

1 5. Currently the county and all the cities within the
2 County have a countywide solid waste study being prepared by a
3 consultant Engineer which will be completed by December 31, 1971.
4 It is anticipated that the recommendations of this study concern-
5 ing the elimination of open burning at all of the outlying sites
6 will be fully implemented by July 1, 1972.

7 NOW, THEREFORE, BE IT FURTHER RESOLVED that the County
8 of Yolo does make application to the Air Resources Board to
9 continue open burning at the Bryte Dump site until July 1, 1972.

COUNTY OF YOLO

Woodland, California

August 2, 1971

To the Citizens and
Taxpayers of Yolo County

Pursuant to the provisions of the Government Code, State of California, the Board of Supervisors has adopted the proposed county budget of \$23,582,929 for the fiscal year 1971-72. This proposed budget for 1971-72 does not require an increase in the property tax rate, even though the budget contains a net increase of \$3,067,292. The possibility of "holding the line" on property taxes is due to the substantial budget reductions made by the Board of Supervisors during May and June, totalling \$1,425,874, and the largest year-end cash balance in the history of Yolo County. Two areas of government services account for most of the increase in the budget. Welfare accounts for \$2,266,999, and the increased cost of public protection accounts for an additional \$403,096, for a combined total of \$2,670,095, or 87.1% of the total budget increase of \$3,067,292.

The Proposed Budget as adopted by the Board of Supervisors reflects the policies of the Board relative to necessary appropriations for the support of county services. The Proposed Budget also includes a tabulation of actual revenues and expenditures for the fiscal year 1970-71 and the estimated revenues for 1971-72. The Proposed Budget is just that--and is subject to final review and consideration by the Board prior to its adoption. There are unknown factors relating particularly to welfare reform and the Medi-Cal program now being considered by the Legislature in Sacramento which could possibly have a very serious impact on this budget.

We invite the citizens and taxpayers of Yolo County to obtain copies of the Proposed Budget from the office of the County Auditor-Controller. The official public hearings required prior to adoption of the final budget will begin on Monday, August 16, 1971 at 2:30 P.M. The Board of Supervisors encourages and welcomes comments and suggestions on the budget.

Respectfully submitted,

JOSEPH ESPIGARES, JR., Chairman
Yolo County Board of Supervisors

SUMMARY REPORT ON THE PROPOSED BUDGET 1971-72

Honorable Joe Espigares, Jr., Chairman
and Members of the Board of Supervisors
Woodland, CA 95695

Gentlemen:

During the past several months, your Honorable Board has held public hearings for the review of the tabulated 1971-72 budget requests of department heads. Based upon such hearings, the changes and reductions made by your Honorable Board, and the necessary adjustments based upon year end fund balances, the preliminary budget for 1971-72 is submitted for your review and approval.

The preliminary budget for 1971-72 is a "hold the line" budget and will not require an increase in property taxes despite continuing major increases in expenditures for welfare and public protection. This budget is not financed by an increase in assessed valuation since huge acreages placed in

the agricultural preserve have made substantial reductions in the property tax base of the county which have barely been compensated for by the value of new construction during the past year. Your Honorable Board made total budget reductions of \$1,362,361 in General Fund budgets, such budgets requiring property taxes as the principal source of support. In addition, the year-end cash balance in the General Fund was \$1,645,000 which is the largest year-end cash balance in the history of the county, and \$441,086 more than a year ago on June 30, 1970. The year-end cash balance is primarily due to savings generated during the past year. When combined with the General Fund budget reductions, the effect of the large year-end cash balance is to completely cover budget increases without requiring additional property taxes.

It must be emphasized that this budget is based upon conditions and legislation governing county expenditures as we now know them. State legislation pending in Sacramento as well as new state administrative rules and regulations not known as yet could make drastic changes in property tax requirements. In other words, if additional property taxes will be required for 1971-72, the reason for such increases will be due to developments in the State Capitol in Sacramento.

The proposed preliminary budget for 1971-72 is \$23,582,929 which is \$3,067,292 over 1970-71. The budget is comprised of the following fund budgets as required by state statutes:

	<u>Proposed</u> <u>1971-72</u>	<u>Final</u> <u>1970-71</u>	<u>Increase</u>
General Fund(2)	\$20,338,655	\$17,553,512	\$2,785,143
Aviation Fund(1)	22,989	9,989	13,000
Fish and Game(1)	14,533	12,457	2,076
ACO Fund			
(Building Fund)	599,200	453,925	145,275
Road Fund	2,237,409	2,139,970	97,439
Library Fund	370,143	345,784	24,359

Notes: (1) Not supported by property taxes.

- (2) The General Fund includes \$1,226,000 for the support of Yolo General Hospital. Yolo General Hospital is operated as a separate business in accordance with state requirements. The 1971-72 hospital budget of \$3,171,777 is \$410,277 less than the 1970-71 budget. While the budget request for the Hospital Enterprise Fund totals \$3,171,777, this amount includes \$1,220,000 which has been double budgeted due to accounting requirements by the state. To establish the actual dollars required, the \$3,171,777 should be reduced by \$1,220,000. This will establish the true budget total of \$1,951,777. For the sake of comparison, the proposed 1971-72 budget then is actually only \$69,381 more than the 1966-67 budget of \$1,882,396. This small increase in five years has been accomplished despite the fact there have been four substantial salary increases since 1966-67. The budget, of course, reflects a decline in in-patient services at Yolo General Hospital which has occurred, while out-patient services have skyrocketed.

GENERAL FUND

The General Fund, which supports all county functions except roads, library, and the county building program, has a budget of \$20,338,655 and is \$2,785,143 higher than the 1970-71 budget. Just as was the case last year, welfare and public protection account for a major share of the increase. The Welfare budget increase accounts for \$2,266,999 (including federal, state and county money), and the budget increase for public protection accounts for \$403,096. When combined, the increases for these two areas of county government services account for \$2,670,095, which is 95.9% of the total increase in the General Fund budget. The total welfare budget of \$11,090,021 and the public protection budget of \$4,051,716 total \$15,141,737 or 74.4% of the General Fund budget for 1971-72. Particular mention should be made of the fact that a number of budgets in the General Fund and supported by property taxes are less than last year. These include the Board of Supervisors, Communications, Elections, Recorder, Fouts Springs Boys Camp, etc.

Following is a breakdown of the General Fund by functions of service.

	<u>Proposed</u> <u>1971-72</u>	<u>Final</u> <u>1970-71</u>	<u>Difference</u>

Total General Fund Budget	\$20,338,655	\$17,553,512	+\$2,785,143

COUNTY BUILDING FUND

The county building fund budget, officially known as the Accumulative Capital Outlay Fund, is \$599,200, some \$145,272 higher than in 1970-71 without an increase in the tax rate for this purpose. Projects to be financed are as follows: Veterans Graves, \$10,000; Park Land Acquisition, \$116,000; Courthouse and County Buildings Renovation, \$35,000; future County Administration Building, \$326,000; Sanitation Facility, \$100,000; and Equipment, \$12,200. The \$326,000 being earmarked for a future Administration Building would make a total of \$745,500 when added to the \$419,500 Accumulative Reserve set up for this purpose. The estimated tax rate for the County Building Fund for 1971-72 is twelve cents (12¢), which is the same as levied for 1970-71. The tax rate for this fund is entirely dependent upon the policy decision of your Honorable Board as to how much funds should be placed in reserve for a future County Administration Building.

ROAD FUND

The Road Fund budget totals \$2,237,409, \$97,439 more than the \$2,139,970 budget for 1970-71. There is an existing road tax of twenty-three cents (23¢) in District 1, and twenty cents (20¢) in the rest of

the county unincorporated area, and it is anticipated that this road tax will be without change in 1971-72. The major support for the road fund, of course, comes from highway gas tax funds and from vehicle fines and forfeitures.

LIBRARY FUND

The proposed Library Fund budget for 1971-72 totals \$370,143, \$24,359 more than the budget for 1970-71 of \$345,784. The library budget provides only for the regular operations of the library, and there are no major changes in services contemplated. The estimated tax rate for the Library Fund for 1971-72 is fourteen and one-half cents (14.5¢) which is the same tax rate levied for 1970-71.

In preparing this preliminary budget for approval by your Honorable Board, all budgets have been adjusted in accordance with available cash balances as of June 30, 1971, in order to prevent an increase in the property tax rate. The only reduction necessary was in the Road Fund which was made based upon recommendation of the Director of Public Works. State law requires that all available funds in the Aviation Fund, and Fish and Game Fund be appropriated and based upon improved year-end fund balances; both of these funds were increased accordingly. Even though this proposed preliminary budget does not require increased property taxes, the General Fund contains adequate reserves equal to 1970-71. Likewise, the Library Fund has a reserve of \$18,000 which is consistent with Board policy that independent funds should have some funds in reserve, rather than depend upon the General Fund for loans. Your Honorable Board has agreed to the establishment of

joint air pollution control with Solano County recently. The budget for such purpose has not as yet been established but adequate funds are available in the General Fund, Reserve for Contingencies, and can be properly budgeted at the time of the adoption of the final budget for 1971-72.

RESOLUTION NO. 71 - 130

WHEREAS, it has been determined that certain of said routine acts required of the Board of Supervisors by Part 9, Division 1 of the Revenue and Taxation Code may be handled by the designated county officers without depriving the citizens of Yolo County of the right to full hearing before their elected representatives; and that by so doing, the efficiency of county government would be improved; and

WHEREAS, it is the desire of the Board of Supervisors to transfer to the following designated specified county officers, the performance, on its behalf, of the following Designated acts required or authorized to be performed by the board in matters pertaining to corrections, cancellations, and refunds of taxes and assessments; and

WHEREAS, none of the acts designated herein are imposed upon the Board of Supervisors by the constitution.

1 Board of Supervisors, the acts required of the Board of Super-
2 visors by the following enumerated sections of the California
3 Revenue and Taxation code:

4 (This resolution shall not constitute a waiver of any
5 requirement that the City Attorney consent in writing wherever
6 City taxes are involved and the Code sections specified herein
7 require such authorization.)

- 8 1. The County Tax Collector: (Delegation of such duties as
9 are hereinafter set out to the Tax Collector shall be
10 effective only to the extent that the effect of the act
11 is to make a correction of \$1500 or less in tax dollars.)

34 paragraphs d, e, and f, above only upon written approval of the
35 County Counsel.

1 2. The County Auditor:

21 In no event shall the authority delegated to the County Auditor
22 constitute authority for the cancellation of in excess of \$1500
in tax dollars under 4986 (b).

- 23 e. Section 4986.1 paragraph (a) - Concerns the right of
24 the Board of Supervisors to cancel, rather than

19 thirty (30) days after acceptance of the bid, a grant deed convey-
20 ing title to said real property free and clear of all liens or

31 turned to him and his contract thereupon shall terminate.

containing 20.4903 acres, more or less,

with the sole and exclusive right to explore for, drill for, produce, extract and take oil, gas and other hydrocarbons (and water for its operations on the leased land) from the leased land during the term hereinafter provided, and the right to construct, erect, maintain, operate, use, repair, replace and remove pipe lines, telephone, telegraph and power lines, tanks, machinery, appliances, buildings and other structures useful, necessary or proper for carrying on its operations on the leased land, together with rights of way for passage over, upon and across, and ingress and egress to and from the leased land for any or all of the above-mentioned purposes. Lessors reserve the right to occupy and to lease the same for agricultural, horticultural, logging or grazing purposes, subject to the rights of Lessee hereunder.

TO HAVE AND TO HOLD the leased land for the term of twenty (20) years from and after the date hereof and so long thereafter as oil or gas or other hydrocarbon substances are produced in paying quantities from the leased land.

In consideration of the premises, the parties hereby respectively covenant and agree:
1. On or before five (5) years after the date hereof (the last day of said period being hereinafter referred to as the "working date"), Lessee shall either commence "drilling operations" on the leased land and thereafter continue its operations with reasonable diligence until oil or gas in paying quantities is found or a depth is reached at which further drilling would in the judgment of Lessee be unprofitable, or quitclaim and surrender this lease as hereinafter provided.

2. If oil or gas is not obtained in paying quantities in the first well drilled on the leased land, Lessee, within six (6) months after its completion or abandonment, shall commence drilling operations for a second well, and shall prosecute the same with reasonable diligence until oil or gas is found in paying quantities, or until it is drilled to a depth at which further drilling would, in the judgment of Lessee, be unprofitable; and Lessee shall in like manner continue its operations until oil or gas in paying quantities is found or this lease terminated; provided, however, that nothing in this paragraph contained shall require the commencement of drilling operations for the second or any subsequent well (other than an offset well) before the said working date. If, however, before said working date, there shall be any period of more than six (6) months between the completion or abandonment of any well and the commencement of drilling operations for the next well or the termination of this lease for which rental has not theretofore been paid, Lessee shall pay rental for such period at the rate hereinafter set forth, in installments, quarterly in advance.

3. The leased land shall be deemed to have been "fully drilled" within the meaning hereof whenever there shall have been drilled thereon a number of wells equal to the number of acres then subject to this lease divided by forty (40), plus one (1) additional well for any remaining major fraction. If oil is found in paying quantities in any well drilled by Lessee on the leased land, Lessee to the extent that it is not prohibited from so doing under applicable laws, rules or regulations, will continue to drill wells for oil as rapidly as one string of tools, working with reasonable diligence, can complete the same, with not more than six (6) months between the completion or abandonment of one and the commencement of operations for the next, until the leased land has been fully drilled. After the leased land has been fully drilled, Lessee may at any time drill further wells if it shall so elect, but it shall not be required so to do. After one or more wells have been drilled on the leased land, if the only production obtainable from such well or wells is gas, and if such gas production is in paying quantities, the leased land shall be considered as gas land and not as oil land until at some later date oil in paying quantities is discovered. While the leased land is considered as gas land, drilling for oil shall not be required, except to comply with the provisions of this lease relative to offset wells. Lessee shall, however, drill further wells for gas if and to the extent that such drilling is requisite for the proper development of said land for gas; but it shall not be required to drill more gas wells than are necessary to supply such part of the market demand for gas from the field as may fairly and reasonably be apportioned to the leased land.

4. If, before the leased land has been fully drilled, a well producing oil in paying quantities (hereinafter called an "outside well") is drilled upon adjacent land not owned or controlled by Lessors within three hundred thirty (330) feet (hereinafter called "offset distance") from a boundary of the leased land, Lessee shall offset such outside well by the commencement of drilling operations at a suitable offset location on the leased land within six (6) months after it is ascertained that the production of oil from such outside well is in paying quantities, except that (a) if a well is being drilled on the leased land, said time shall be extended until six (6) months after

the completion or abandonment of the well so being drilled, or (b) if there already exists or is being drilled on the leased land a well at a suitable offset location, it shall take the place of the required offset well. A suitable offset location within the meaning hereof shall be one which is within the offset distance from the boundary and not more than twice the offset distance from a line drawn from the outside well to the nearest point in said boundary and extended through the leased land. Offset wells shall be counted in determining when the leased land has been fully drilled.

5. Lessee has paid Lessors' rental in full hereunder for the first twelve (12) months of the term hereof. If Lessee has not commenced drilling operations on the leased land or terminated this lease within that time, Lessee commencing with the expiration thereof, shall pay or tender to Lessors yearly in advance, as rental the sum of \$3.00 per acre for so much of said land as may then still be held under this lease at the time of payment and shall continue such payments until drilling operations are commenced or this lease terminated.

6. Except as herein otherwise provided, Lessee shall drill each well and operate each completed well in accordance with good oil field practice so long as such well shall produce oil or gas in paying quantities but in conformity with any reasonable conservation or curtailment program affecting the drilling of wells or the production of oil or gas or either thereof from said land to which Lessee may voluntarily subscribe or become a party, or with any conservation or curtailment program which may be imposed by law or by any appropriate governmental agency. After the completion of the first oil well, drilling or producing operations hereunder (except of offset wells when wells offset or to be offset are being operated) may be suspended while the price offered generally to producers in the same vicinity for oil of the quality produced from the leased land is seventy-five cents (75¢) or less per barrel at the well, or when there is no available market for such oil at the well, and in either case for a period of ninety (90) days after the reason for suspension ceases to exist. Gas wells need not be operated when there is no market for gas at the well at a price and under conditions which Lessee believes to be for the best interests of both parties hereto.

7. The term "agreed share" as used herein means ~~one-eighth (1/8th)~~ one-sixth (1/6th).

8. Lessee shall pay Lessors as royalty on oil the value of the agreed share of all oil produced and removed from the leased land, after making the customary adjustments for temperature, water and b.s. at the posted available market price at the well for oil of like gravity on the day the oil is so removed, or at Lessors' option, in lieu of such payment Lessee shall deliver the agreed share of said oil, free of cost, into Lessors' tanks on the leased land or into pipe line thereon designated by Lessors. A change from payment in cash to delivery in kind, or vice versa, may not be made oftener than once in any calendar year and then only on sixty (60) days prior written notice to Lessee. If royalty on oil is payable in cash, Lessee may deduct therefrom a proportionate part of the cost of treating unmerchantable oil produced from the leased land to render it merchantable. In the event such oil is treated elsewhere than on the leased land, the Lessors' cash royalty shall also bear a corresponding proportionate part of the cost of transporting the oil to the treating plant. Nothing herein contained shall be construed as obligating Lessee to treat oil. If Lessors shall elect to receive the royalty on oil in kind, it shall be of the same quality as the oil removed from the leased land for Lessee's own account, and if Lessee's own oil shall be treated before such removal, Lessors' oil will be treated therewith before delivery to Lessors, and Lessors, in such event, shall pay a proportionate part of the cost of treatment. No royalty shall be due Lessors for or on account of oil used by Lessee in operations on the leased land or lost through evaporation, leakage, fire or other casualty prior to the removal of the same or prior to delivery to Lessors if royalty shall be delivered in kind.

9. Lessee shall pay Lessors as royalty on natural gas the agreed share of a value which shall be the sum of the following:

a) The net proceeds received by Lessee from the sale of gas produced from wells on the leased land (whether such gas be sold by Lessee in its natural state or as residual dry gas after extracting gasoline therefrom). Gas treated at a gasoline extraction plant not owned or operated by Lessee and for which Lessee receives a royalty from the operator of such plant shall be deemed sold in its natural state for an amount equal to the market value of the royalty received by Lessee. Except as otherwise provided herein, gas used or consumed by Lessee in operations other than under this lease shall be deemed sold for the market value thereof. The value of gas used or consumed in the operation of a gasoline extraction plant (to the extent that it is so used for processing gas from the leased land), or in operations on the leased land, or in repressuring any oil bearing formation from which a well or wells on the leased land is producing, shall not be included.

b) The market value at the extraction plant of all gasoline extracted and saved from natural gas from the leased land as a result of processing such gas at a plant owned or operated by Lessee, less the cost of such processing, which cost for the purposes hereof will be deemed to be sixty percent (60%) of said last-mentioned market value;

c) The market value, at the plant where extracted, of all gasoline received by Lessee as a result of the processing of natural gas from the leased land at a plant not owned or operated by Lessee (if such processing is not on a royalty basis) less the cost to Lessee of such processing.

Nothing herein contained shall obligate Lessee to treat or process natural gas nor shall Lessee be obligated to save, sell or otherwise dispose of natural gas or residual dry gas, as the case may be, unless there is a market therefor at the well or processing plant at a price and under conditions which Lessee believes to be for the best interests of both parties hereto, or to pay royalty on any gas which is neither sold nor used.

10. Settlement shall be made by Lessee on or before the 25th day of each calendar month for all royalties which accrued during the preceding month and Lessee shall furnish Lessors monthly statements showing the computation of royalties. Lessors agree to examine promptly each and all statements and remittances forwarded by Lessee to them hereunder and promptly advise Lessee of any objection thereto.

11. If, after the discovery of oil or gas on the leased land, Lessee, in its operations hereunder, shall use electrical power in lieu of oil or gas produced from the leased land, Lessee may deduct from royalties or other payments accruing to the Lessors the agreed share of the cost of such electricity so used, not, however, in excess of the agreed share of the value of the oil or gas produced from said land which would otherwise have been used as fuel.

12. The rentals and royalties provided for in this lease are based on the whole of the oil and gas rights in the land described above. If Lessors own less than the whole of the oil and gas rights in said land, the rentals and royalties accruing hereunder shall be proportionately reduced. Lessee shall not be deemed to be in default in payment of any royalties or rents hereunder while the title of Lessors is challenged by any third person, or while any third person appears to have any right, title or interest adverse to Lessors; provided, however, that if such adverse interest affects only a part of the leased land or a part of the interest of Lessors therein, the foregoing provision shall apply only if Lessee shall pay to Lessors such part of the total rent or royalty as is applicable to the land or interest not affected by such adverse claim.

13. The payments required to be made by Lessee hereunder may be made by its check issued and made payable as hereinafter provided. All persons entitled to participate or share in such payments shall, at the request of Lessee, unite in a written designation of one person, bank or corporation to receive such payments, to the end that Lessee shall not be required to make any payment otherwise than by one check, which check shall be payable to but one payee, such payee to assume the burden and responsibility of making a proper distribution without expense to Lessee among the persons entitled thereto. When such designation is made, said payments may be made by mailing such check to the payee at address designated. Until such designation is made, such checks may be made payable and may be

mailed to LESSORS

at

A waiver by Lessee of the provisions of this paragraph in the making of any payment or payments shall not be deemed a waiver thereof with respect to subsequent payments. If at any time there be no one person, bank or corporation authorized to receive payments hereunder, the time for making such payments shall be extended until Lessee has been notified of such designation.

14. No change in the ownership of land or minerals covered by this lease, and no assignment or transfer by operation of law or otherwise of rents or royalties shall be binding on lessee until it has been furnished with satisfactory written evidence thereof

15. Lessee shall pay all taxes levied upon or assessed against its improvements, fixtures and personal property on the leased land, including Lessee's oil stored thereon. Taxes levied upon or assessed against the petroleum minerals and petroleum mineral rights (or, if same shall not be separately assessed, such part of the taxes on the leased land as are due to the discovery of oil or gas on the leased land or lands adjacent thereto) shall be paid as follows: The agreed share thereof by all of the persons entitled to share in the royalty hereunder, according to their several interests in said royalty and the remainder thereof by Lessee. Any severance tax or other tax, assessment, or license now or hereafter levied or imposed, measured by the quantity or value of oil, natural gasoline, gas or other hydrocarbon substances produced from the leased land, or any thereof, shall be borne by the parties in the same ratio as taxes on petroleum minerals and petroleum mineral rights. Lessee shall not be liable for any special assessment for local improvements or benefits.

16. Lessee, at its own cost and expense, shall pay for all labor performed and materials furnished in the operations of Lessee hereunder and Lessors shall not be chargeable with, or liable for, any part thereof. Lessee shall protect said leased land from liens of every character arising from its operations. Lessors may post and keep posted on the leased land notices to protect the same from liens.

17. Upon the written request of Lessors, Lessee shall lay all pipe lines which it constructs through cultivated portions of the leased land below plow depth and upon similar request shall fence all sump holes and other excavations to safeguard livestock.

18. If Lessors are the owners of the surface of the leased land, Lessee shall pay the amount of all damage to livestock, crops, fruit or nut trees, timber, fences, ditches, buildings and other improvements caused by Lessee's operations on the leased land which payment shall be made to Lessors or Lessors' tenant, whichever shall sustain such damage. All disputes as to the amount thereof shall be determined by arbitration. If Lessors are not the owners of such surface, Lessee will hold Lessors harmless from all claims and demands arising out of Lessee's operations hereunder which may be asserted by the owner of the surface or by any tenant of such owner.

19. Lessee shall not drill any well on said leased land within one hundred (100) feet of any now existing building thereon without written consent of the owner of such building, nor shall Lessee drill any well upon lands occupied, used or held for railroad purposes.

20. Lessors, at all reasonable times, may inspect the leased land and the work done and in progress thereon, and the production therefrom. Lessors may also examine the books kept by Lessee in relation to the amount and character of the production from the leased land and disposition thereof. Lessee, on written request of Lessors therefor, shall furnish to Lessors copies of logs of all wells drilled by Lessee on the leased land.

21. Lessee shall have the right at any time to remove from the leased land any machinery, rigs, piping, casing and other property and improvements belonging to or furnished by Lessee, including that installed in wells or otherwise affixed to the land; provided that, in the event of the termination of this lease in its entirety, such removal shall be completed within four (4) months thereafter and, in the event of the termination of this lease as to a portion of the leased land, all such property not needed by Lessee for its operations on land retained under the lease shall be removed from the land as to which this lease is terminated within four (4) months after such partial termination, and the remainder shall be removed within four (4) months after the termination of the lease in its entirety. Lessee, after termination of this lease, shall fill all sump holes and other excavations made by it on the leased land and in other respects restore the leased land as nearly to its original condition as is reasonably practicable, but Lessee shall not be obliged to restore anything for which it may theretofore have made payment by way of damages.

22. Lessee, at its option, may at any time quitclaim and surrender all of the leased land, in which event this lease shall be at an end and Lessee shall be relieved of all obligations thereunder save and except the obligation to pay rents and royalties theretofore accrued and any obligation hereby imposed for removal of equipment and restoration of the premises. Lessee, at its option, may at any time, or from time to time, quitclaim and surrender any part of the leased lands not desired by it, and in such event the amount of any rental provided for in this lease shall thereafter accrue only on the basis of the land not so quitclaimed, and the number of wells to be drilled shall be determined by the acreage retained. Land so quitclaimed shall remain subject to the easements and right of way herein provided for so long as operations are being carried on by Lessee on the retained part of the leased land, and Lessors agree that there shall not be drilled on the quitclaimed land any oil or gas well which is within three hundred thirty (330) feet of any well retained by Lessee or being drilled by it.

23. Lessee may at any time with respect to a designated part or all of the leased land, (a) surrender its right to produce oil, or (b) surrender its right to produce gas. A surrender of the right to produce oil shall include a surrender of the right to produce the gas which will necessarily be produced therewith. A surrender of oil rights in all of the leased land will relieve Lessee of further obligation to drill oil wells. A surrender of oil rights in a part only of the leased land will reduce the number of required oil wells to a number determined by the acreage as to which oil rights are retained by Lessee. A surrender of oil rights shall have no effect on obligations to drill for gas and a surrender of gas rights shall have no effect on obligations to drill for oil.

24. Performance of covenants and conditions imposed upon Lessee hereunder shall be excused while, and to the extent that, Lessee is prevented from complying therewith, in whole or in part, by law, war, riots, strikes, lockouts, action of the elements, accidents, inability to obtain materials in the open market or to obtain transportation therefor, rules and regulations of any federal, state, municipal or other governmental agency or any other cause beyond the control of the Lessee, whether similar or dissimilar to those herein specifically enumerated and without regard to whether such cause exists at the date hereof or hereafter arises.

25. a) If the Lessee shall fail to promptly pay any installment of royalty or rent, and if such default shall continue for a period of fifteen (15) days after written demand therefor, then at the option of Lessors, this lease shall forthwith terminate; provided, however, that if there be a bona fide dispute as to the amount due, and all undisputed amounts are paid, said fifteen (15) day period shall be extended until five (5) days after such dispute is settled by final court decree, arbitration or mutual agreement.

b) In case of default by Lessee with respect to any other condition or covenant hereof and continuance of such default for ninety (90) days after written notice from Lessors to Lessee to perform such condition or covenant, then at the option of Lessors this lease shall forthwith cease and terminate except that if any oil well has theretofore been drilled or is then being drilled and Lessee is not in default in connection therewith, this lease shall nevertheless continue in effect as to an area to be selected by Lessee not exceeding forty (40) acres for each such oil well, and if any gas well has theretofore been drilled or is being drilled and Lessee is not in default in connection therewith, this lease shall remain in effect for the production of gas and for development for gas (but not oil or gas associated with oil) as to an area to be selected by Lessee not exceeding six hundred and forty (640) acres for each such gas well. Lessee shall not,

however, be deemed to be in default while work is in progress in good faith which when completed will constitute compliance with such condition or covenant. A termination of this lease as to a part only of the leased land or as to a part only of Lessee's rights shall not affect such rights of way and easements as may be necessary in Lessee's operations on the part of the leased land as to which no such termination shall have occurred.

26. Should Lessors hereafter acquire any additional right, title or interest in or to the leased land, it shall be subject to the provisions hereof to the same extent as if owned by Lessors at the date hereof. Lessors agree that if Lessee shall make any payment on account of any tax not required to be paid by it under the conditions hereof or any mortgage or other lien on or against any of the lands subject to this lease, it shall, in addition to the right of subrogation, have the right to reimburse itself out of any royalty or rentals accruing hereunder.

27. If this lease shall be assigned as to a particular part or parts of the leased land, such division of the leasehold estate shall constitute and create separate and distinct holdings under the lease of and according to the several portions of the leased land as thus divided, and the holder or owner of each such portion of the leased land shall be required to comply with and perform the Lessee's obligations under this lease for, and only to the extent of, his portion of the leased land, provided that nothing herein shall be construed to enlarge or multiply the drilling or rental obligations, and provided further that the commencement of the drilling operations and the prosecution thereof, as provided in paragraphs 1, 2, and 3 hereof, either by the Lessee or any assignee hereunder shall protect the lease as a whole.

28. Any notice to be given by either party to the other hereunder may be delivered in person or by registered mail, postage prepaid, addressed to the party for whom intended as follows: to Lessors at the address shown in paragraph 13 hereof; to Lessee at

6151 West Century Boulevard

Los Angeles, California 90045 Attn: Mr. W. James Seal

Either party hereto may from time to time, by written notice to the other designate a different address which shall be substituted for the one above specified. If any notice from one party to the other is given by registered mail, usual time for transmission of mail shall be computed and at the end of such time service of notice will be considered made.

29. Lessee shall comply with all state, federal and local laws and with the rules, regulations and orders of any federal, state or other governmental agency having jurisdiction in the premises with respect to the spacing of, drilling for or producing of wells, or other operations for oil or gas, and if there be any conflict between the same and the provisions of this lease, such laws, rules, regulations and orders shall modify or supersede, as the case may be, the relevant provisions of this lease.

30. Lessee is hereby given the right at its sole option to combine or pool this lease and the leased land, or any portion thereof, with any other land, lease, or leases, or parts thereof, regardless of ownership thereof, either adjoining the leased land or other lands which may be included in and form part of the same operating unit so as to create by such combining or pooling one or more operating units for the production of oil, gas or other hydrocarbon substances. Such right may be exercised from time to time at any time prior to thirty (30) days after completion of a well for the production of oil or gas on the particular area to be pooled, but such right may not be exercised after twenty (20) years from the date hereof.

No operating unit so created shall exceed six hundred and forty acres in area. Such an operating unit shall be created hereunder and shall become effective upon the execution by Lessee in writing of a "Declaration of Pooling" which shall identify and describe the pooled acreage. Written notice of such declaration shall be given to Lessors. In the event production of oil, gas or other hydrocarbon substances is obtained from any such operating unit or units created hereunder there shall be allocated to the leased land included in such operating unit (regardless of whether or not such production is from any part of the leased land) that portion of the production from such unit that the number of acres validly leased hereby and included in such operating unit bears to the total number of acres included in any such unit. Royalties and payments (other than delay rentals under paragraph 5 hereof) herein provided for shall be calculated on the portion of such production so allocated to the leased land, and shall be paid in the same manner and subject to the same terms and conditions as other royalties and payments herein provided for. Such portion of said royalties and payments shall be in lieu of any other royalties and payments which would accrue to Lessors hereunder on account of production of oil, gas or other hydrocarbon substances from any part or parts of the leased land which are included in any such operating unit created pursuant hereto. The production necessary to prolong the term of this lease may be from any part of the operating unit. In lieu of the taxes provided to be paid by Lessors under paragraph 15 hereof (other than taxes on the land as such) Lessors shall bear and pay the agreed share of that part of the taxes on such operating unit and the production therefrom as is in the same ratio to all such taxes as the production allocated to Lessors' land in such operating unit is to the total production from such operating unit.

Upon the pooling of less than all of the leased land, as above provided, this lease shall be severed and shall be considered as separate and distinct leases on separately pooled acreage and on unpooled acreage, as the case may be, and the term of this lease and all the rights and obligations of Lessee under this lease shall apply separately to separately pooled acreage and to unpooled acreage under this lease.

Any act or obligation required by this lease to be performed or fulfilled by Lessee with respect to the acreage included in any such operating unit shall be deemed fully performed, fulfilled and effective by the performance or fulfillment of such act or obligation upon or with respect to any part of such operating unit. Any such operating unit shall be deemed to be fully drilled whenever there has been drilled thereon a number of wells equal to the number of acres then subject to such operating unit, divided by forty (40), plus one (1) additional well for any remaining major fraction. After one or more wells have been drilled on an operating unit, if the only production from such well or wells is gas, and if such gas production is in paying quantities, such operating unit shall be considered as gas land and not as oil land until at some later date oil in paying quantities is discovered. While such operating unit is considered as gas land, drilling for oil shall not be required except to comply with offset obligations. Lessee shall, however, drill further wells for gas if and to the extent that such drilling is requisite for the proper development of the operating unit for gas, but it shall not be required to drill more gas wells than are necessary to supply such part of the market demand for gas from the field as may fairly and reasonably be apportioned to such operating unit. Lessee shall not be required to drill any offset well on that part of the leased land pooled into an operating unit, to offset any other well drilled on the acreage pooled into such unit. Any part of the leased land not pooled into an operating unit shall be and remain subject to the terms and conditions of this lease unaffected by the pooling of any other part or parts of the leased land or by operations on any such operating unit.

Lessee may at any time quitclaim to the persons entitled thereto all or any part of the land in an operating unit and thereupon Lessee shall be released from all further obligations and duties as to the area of such operating unit so quitclaimed and all drilling requirements thereon shall be reduced pro rata, and no further quitclaim shall be required among owners of land in the operating unit to terminate lease(s) on quitclaimed land insofar as the interest of such owners in such operating unit is concerned; provided, however, that the initial portion of production from an operating unit so allocated to the leased land shall remain unchanged notwithstanding the surrender by Lessee of less than all of the land pooled in such unit, except:

(a) that after the surrender by Lessee of less than all of the land included in an operating unit, if the owner of such surrendered land shall lease the same, or any part thereof, for oil or gas production or shall commence or cause to be commenced the drilling of a well for oil or gas on such surrendered land, or any part thereof, thereupon and forever after actual notice to Lessee of any such leasing or drilling, such surrendered land shall cease to participate in production from that part of such operating unit retained by Lessee;

(b) that land lost or quitclaimed by Lessee because of loss or failure of title for any cause beyond Lessee's control shall be removed from the operating unit and shall not thereafter participate in production;

EXCEPTING, HOWEVER, FROM ALL THE ABOVE DESCRIBED LAND ALL THAT PORTION LYING ABOVE A DEPTH OF FIVE HUNDRED (500) FEET BELOW THE SURFACE.

(c) whenever quitclaimed land, or land on which title is lost, within an operating unit shall cease to participate in production as above provided, production from that portion of the operating unit retained by Lessee shall thereafter be allocated, on the basis hereinabove provided, only to the remaining land in the operating unit entitled to participate in production.

Upon the surrender or other termination of all leases included in an operating unit, the pooling of the lands in such unit shall terminate and thenceforth no owner of any part of the land in such unit shall, by reason of said pooling, have any right, title or interest in any other part of the land in such unit.

Lessee shall not be liable to any party for reduction of the acreage content of any operating unit resulting from loss of title for any cause beyond its control and in such event Lessee shall have the right to dissolve any such unit. Lessee shall not be obligated to make any retroactive apportionment of royalties or payments in the event of any reduction in participation in production or in acreage content of an operating unit as above provided. In case any action is brought at law or in equity by persons claiming title to any land in an operating unit in hostility to the Lessors from whom Lessee holds a lease on such land, then during the pendency of said action until the final decision thereof, Lessee may discontinue operations upon the land in controversy, or if it operates wells thereon, may impound royalties accruing from production thereon until the ownership thereof is finally determined.

The royalties accruing hereunder to the Lessors of any specific parcel of land shall be appurtenant to such parcel and a conveyance of such parcel shall, unless otherwise provided therein, carry also the interest of the grantor accruing under this lease, in and to the royalty so appurtenant, irrespective of whether the oil or gas on which such royalty is based is produced from such parcel or from other parcels pooled herewith or from other lands not pooled herewith.

31. The words "drilling operations" as used in this lease include, in addition to actual drilling, any work undertaken or commenced in good faith if followed diligently and in due course by the construction of a derrick or other necessary structures for the drilling of an oil or gas well, and by the actual operations of drilling in the ground.

32. If twenty (20) years from the date hereof, oil or gas is still being produced by Lessee, and if thereafter such production shall cease, then and as often as such event shall occur, the term of this lease shall continue for sixty (60) days from the date of last production and if during that time Lessee resumes operations for the drilling of a well or the restoration of production the term shall continue during the prosecution of such operations, and, if production results therefrom, as long as production continues.

33. On the expiration or sooner termination of this lease Lessee shall quietly and peaceably surrender possession to Lessors and deliver to Lessors, or file for record, a quitclaim deed.

34. If more than one person is named as Lessors herein and one or more of them fails to execute this lease, it shall, nevertheless (if accepted by Lessee) become effective as a lease from such of said named Lessors as may have executed the same.

35. This lease may be executed in any number of counterparts and all such counterparts shall be deemed to constitute a single lease and the execution of one counterpart by any Lessor shall have the same force and effect as if he had signed all the other counterparts.

36. This lease and all its terms, conditions and stipulations shall extend to and be binding upon all the heirs, successors and assigns of said Lessors and Lessee.

Article 37 of this lease is attached hereto and made a part hereof.

IN WITNESS WHEREOF, said parties have caused this lease to be duly executed as of the date first hereinabove written.

8 and

9 WHEREAS, the owners of real property set forth in said

11 even date with this Resolution and making reference hereto, as
12 authorized by said Conservation Act, which Contracts impose en-
13 forceable restrictions on the therein described real property
14 which is located in said Agricultural Preserve and known as the
15 Assessor's Parcels as set forth in said Exhibit "A"; and

16 WHEREAS, the Board of Supervisors has heard and considered
17 discussion on the restrictions, terms and conditions of the Con-
18 tracts; and

19 WHEREAS, in the judgment of this Board of Supervisors, it
20 is in the interest of the County of Yolo to do so;

21 NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the
22 Board of Supervisors of the County of Yolo as follows:

- 23 1. Each of the foregoing recitals is true and correct.
- 24 2. The action taken by this resolution is in conformance
25 with the Yolo County General Plan.

27 described in said Exhibit "A" consists of no less than
28 160 acres.
- 29 4. The territory described in said Exhibit "A"
 - 30 a. is designated for agricultural use in the Yolo
31 County General Plan
 - 32 b. does not include any parcel less than twenty (20)

1 acres in area,
2 c. is predominantly Class I, II, or III soils, or
3 satisfies the purposes of the agricultural
4 preserve in the following ways:
5 1) tends to maintain the agricultural economy,
6 and
7 2) tends to prevent premature or unnecessary
8 conversion from agriculture, and
9 3) tends to assist in the preservation of
10 prime lands, and
11 4) to preserve lands with public value as
12 open space.
13 5. Said Agricultural Preserves are hereby declared
14 established or enlarged to include the territory
15 described in said Exhibit "A", for the purpose of
16 defining the bounds of those areas within which the
17 County of Yolo is willing to enter into land use
18 contracts pursuant to the Land Conservation Act
19 of 1965.
20 6. A map of such agricultural preserves is attached
21 hereto marked Exhibit "B" which is incorporated by
22 reference.
23 7. The terms and conditions upon which the County of
24 Yolo is willing to enter into land use contracts are
25 as follows:
26 FIRST: DECLARATION. This Land Use Contract is made
27 and entered into pursuant to the California Land
28 Conservation Act of 1965 as amended (Chapter 7 of
29 Part 1 of Division 1 of Title 5 of the Government
30 Code of California commencing with § 51200), herein-
31 after referred to as "the Act", including Article 3
32 of said Act entitled "Contracts" and is subject to

1 all of the provisions thereof pertaining to con-
2 tracts. It is the intent of the parties that the
3 restrictions imposed upon the subject property by
4 this Contract shall constitute those which may be
5 imposed upon property by Contract under the afore-
6 mentioned Act. The execution and recordation of
7 this Contract shall in no way restrict COUNTY or
8 OWNER from utilizing or benefiting from future con-
9 servation or agricultural legislation enacted by
10 the California Legislature. Should COUNTY agree
11 to any provision in any other Contract under the
12 Land Conservation Act which provision is not in-
13 cluded herein and OWNER requests the inclusion of
14 such provision in this Contract such provision shall
15 be deemed added to this Contract upon written re-
16 quest of OWNER to COUNTY and any other provision
17 hereof inconsistent with said provision shall be
18 deemed to be of no force and effect to the extent
19 of such inconsistency.

20 SECOND: RESTRICTIONS. During the term of this
21 Contract and any and all renewals thereof, the subject
22 property shall not be used for any purpose other
23 than agricultural use and the uses determined by
24 COUNTY pursuant to Government Code §§ 51231 or 51238
25 or by the Land Conservation Act of 1965 as amended
26 to be compatible with the agricultural use of land
27 within this preserve and subject to contract. No
28 structures shall be erected upon subject property
29 except such structures as may be directly related
30 to authorized uses of the land. The parties, through
31 appropriate action by COUNTY'S Board of Supervisors
32 in accordance with the Act and its rules adopted

1 thereunder, and written consent of OWNER, may from
2 time to time during the term of this Contract and
3 renewals thereof add to and/or delete from said
4 permissible uses of the subject property. If any
5 use otherwise permissible hereunder is not permis-
6 sible under any planning or zoning restriction now
7 or hereafter applicable to any of the property
8 then it shall likewise be deemed not legally avail-
9 able to OWNER by the provisions of this Contract,
10 and if any use is permissible under any such planning
11 or zoning provision but is not determined as set
12 forth above to be compatible with the agricultural
13 use of land within this preserve and subject to
14 contract, then it shall not be deemed legally avail-
15 able to OWNER hereunder.

16 THIRD: EMINENT DOMAIN. When any action in eminent
17 domain for the condemnation of the fee title of an
18 entire parcel of land subject to a contract is
19 filed or when such land is acquired in lieu of
20 eminent domain for a public improvement by a public
21 agency or a person or whenever there is any such
22 action or acquisition by the Federal government or
23 any person, instrumentality or agency acting under
24 authority or power of the Federal government, such
25 contract shall be deemed null and void as to the
26 land actually being condemned or so acquired as of
27 the date the action is filed, and for the purposes
28 of establishing value of such land the contract shall
29 be deemed never to have existed.

30 When such an action to condemn or acquire
31 less than all of a parcel of land subject to a con-
32 tract is commenced, the contract shall be deemed

1 null and void as to the land actually condemned or
2 acquired and shall be disregarded in the valuation
3 process only as to the land actually being taken,
4 unless the remaining land subject to contract will
5 be adversely affected by the condemnation, in which
6 case the value of that damage shall be computed
7 without regard to the contract.

8 The contract shall be null and void for all
9 land actually taken or acquired; provided, however,
10 that should any such action be dismissed, or should
11 any interest be conveyed for non-public use, the
12 contract shall be reinstated as of the date the
13 action is dismissed or the conveyance is recorded.

14 FOURTH: TERM AND RENEWAL. The initial term of the
15 Contract shall be for ten (10) years, commencing as
16 of the first day of March next succeeding the date
17 of approval of the Contract by the Board of Super-
18 visors of the County of Yolo, and shall terminate
19 on the last day of February of the tenth (10th) year
20 thereafter. The first day of March shall be deemed
21 to be the "anniversary date" of the Contract, and on
22 the anniversary date of the Contract a year shall be
23 automatically added to the term unless notice of
24 non-renewal is given as herein provided. If either
25 OWNER or COUNTY desires in any year not to renew
26 the Contract, that party shall serve written notice
27 of non-renewal of the Contract upon the other party
28 in advance of the anniversary date. Unless such
29 written notice is served by OWNER at least ninety
30 (90) days prior to the anniversary date or by COUNTY
31 at least sixty (60) days prior to renewal date, the
32 Contract shall be considered renewed as provided

1 above. At any time prior to the anniversary date
2 either party may in writing withdraw its notice of
3 non-renewal. Upon request by the OWNER, the Board
4 of Supervisors may authorize OWNER to serve notice of
5 non-renewal on a portion of the land under contract.

6 FIFTH: NO PUBLIC FUNDS. The OWNER understands that
7 he is not entitled to any public funds by reason of
8 the execution of the Contract or any renewal thereof
9 although the use of the subject property is limited
10 as aforesaid.

11 SIXTH: TERMINATION. Subject to the procedural
12 conditions contained herein, OWNER may elect to termi-
13 nate the Contract without penalty when one of the
14 following circumstances is found to exist:

15 (a) The laws of California cease to implement Article
16 XXVIII of the State Constitution in a manner
17 providing benefits and restrictions substantially
18 similar to those embodied in Article 1.5 (com-
19 mencing with § 421) of Chapter 3 of Part 2 of
20 Division 1 of the Revenue and Taxation Code. To
21 be substantially similar, it is hereby agreed that
22 said implementing measures must include provisions
23 for a land valuation system basing value of the
24 land on those uses legally available to OWNER as
25 the basis for assessment, and must not require
26 that OWNER permit entry of the public on subject
27 property.

28 (b) Future conservation or agricultural legislation
29 achieving a substantially similar public benefit
30 is enacted by the California Legislature and is
31 applied to subject property.

32 (c) The real property tax is abolished as a source

1 of revenue.

2 The following procedures shall be followed to elect
3 the termination of the Contract:

- 4 (a) Written notice of the election to terminate the
5 Contract shall be given the Board of Supervisors
6 of Yolo County by OWNER.
- 7 (b) The Board of Supervisors shall have thirty (30)
8 calendar days to review the proposal and the
9 information submitted in support thereof.
- 10 (c) If the Board does not act within said thirty (30)
11 days to set a hearing within an additional thirty
12 (30) days, it shall effect the termination by
13 recording a notice of termination with the County
14 Recorder and filing a copy thereof with the State
15 Department of Agriculture. If the Board so sets
16 a hearing, it shall give notice to OWNER and
17 shall consider the election to terminate in the
18 same manner as it would a request for cancella-
19 tion as provided in Section SEVENTH of the Con-
20 tract.

21 SEVENTH: CANCELLATION. The Contract may not be
22 cancelled in whole or part except pursuant to a re-
23 quest by OWNER as provided herein.

- 24 (a) The Board of Supervisors of COUNTY may approve
25 the cancellation of the Contract only if it finds
26 that cancellation is not inconsistent with the
27 purposes of the California Land Conservation Act
28 and is in the public interest. The existence of
29 an opportunity for another use of the land in-
30 volved shall not be sufficient reason for the
31 cancellation of the Contract. A potential
32 alternative use of the land may be considered

1 only if there is no proximate land not subject
2 to a Land Use Contract pursuant to the Williamson
3 Act suitable for the use to which it is proposed
4 the subject property be put. The uneconomic
5 character of an existing agricultural use shall
6 likewise not be sufficient reason for cancella-
7 tion of the Contract. The uneconomic character
8 of an existing use may be considered only if
9 there is no other reasonable or comparable agricul-
10 tural use to which the land may be put.

11 (b) Prior to any action by the Board of Supervisors
12 giving tentative approval to the cancellation of
13 any contract, the County Assessor shall determine
14 the full cash value of the land as though it were
15 free of the contractual restriction. The
16 Assessor shall multiply such value by the most
17 recent County ratio announced pursuant to § 401
18 of the Revenue & Taxation Code and shall certify
19 the product to the Board of Supervisors as the
20 cancellation valuation for the purpose of deter-
21 mining the cancellation fee.

22 (c) Prior to giving tentative approval to the cancel-
23 lation of the Contract, the Board of Supervisors
24 shall determine and certify to the County Auditor
25 the amount of the cancellation fee which OWNER
26 must pay to the County Treasurer as deferred
27 taxes upon cancellation. That fee shall be an
28 amount equal to 50% of the cancellation valuation
29 of the property; provided, however, if after the
30 date the contract was initially entered into, the
31 publicly announced county ratio of assessed value
32 to full cash value is changed, the percentage

1 payment in this subdivision shall be changed so
2 no greater percentage of full cash value will be
3 paid than would have been paid had there been no
4 change in ratio.

5 (d) If the Board of Supervisors finds that it is in
6 the public interest to do so, it may waive any
7 such payment or any portion thereof, or may make
8 such payment or a portion thereof contingent upon
9 the future use of the land and its economic re-
10 turn to OWNER for a period of time not to exceed
11 the unexpired term of the Contract had it not
12 been cancelled provided:

13 1) The cancellation is caused by an involuntary
14 transfer or change in the use which may be
15 made of the land, and the land is not im-
16 mediately used, for a purpose which produces
17 a greater economic return to OWNER; and

18 2) The Board of Supervisors has determined it
19 is in the best interest of the program to
20 conserve agricultural land use that such pay-
21 ment be either deferred or not required.

22 (e) When the deferred taxes required by this section
23 are collected, the County Treasurer shall distri-
24 bute the taxes in accordance with the provisions
25 of Government Code § 51283(d).

26 (f) Upon tentative approval of the cancellation peti-
27 tion, the Clerk of the Board of Supervisors shall
28 record in the Office of the County Recorder a
29 certificate which shall set forth the name of the
30 owner of such land at the time the Contract was
31 cancelled with the amount of the cancellation fee
32 certified by the Board of Supervisors as being

1 due pursuant to this section, the contingency of
2 any waiver or deferment of payments, and a legal
3 description of the property. From the date of
4 recording of such certificate the Contract shall
5 be finally cancelled and, to the extent the can-
6 cellation fee has not yet been paid, a lien shall
7 be created and attached against the real property
8 described therein and any other real property
9 owned by the person named therein as the owner
10 and located within the County of Yolo. Such lien
11 shall have the force, effect and priority of a
12 judgment lien. Nothing in this section shall pre-
13 clude the Board of Supervisors from requiring
14 payment in full of the cancellation fee prior to
15 the cancellation becoming effective.

16 (g) In no case shall the cancellation of a Contract
17 be final until the notice of cancellation is
18 actually recorded as provided herein. Notwith-
19 standing any provisions of the Revenue & Taxation
20 Code, any payments required by this section shall
21 not create nor impose a lien or charge on the
22 land as to which a contract is cancelled except
23 as herein provided.

24 (h) Upon the payment of the cancellation fee or any
25 portion thereof, the Clerk of the Board of Super-
26 visors shall record with the County Recorder a
27 written certificate of the release in whole or
28 in part of the lien.

29 (i) No tentative approval of cancellation may be
30 given until after the Board of Supervisors has
31 caused notice to be given of and has held a
32 public hearing on the matter. Notice of hearing

1 shall be mailed to each and every owner of
2 property under contract within this agricultural
3 preserve and shall be published pursuant to
4 § 6061 of the Government Code. The owner of any
5 property located in the County of Yolo may pro-
6 test such cancellation; however, such protest
7 shall be advisory only and shall not be binding
8 upon the Board of Supervisors.

9 EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event
10 the subject property of the Contract is divided, a
11 Contract identical to the Contract then covering the
12 original parcel shall be executed by OWNER on each
13 parcel created by the division at the time of the
14 division. Any agency making an order of division or
15 COUNTY which has jurisdiction shall require, as a
16 condition of approval of the division, the execution
17 of the Contracts provided for in this paragraph.

18 NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of
19 any land under the Contract from an agricultural
20 preserve either by change of boundaries of the pre-
21 serve or disestablishment of the preserve shall be
22 the equivalent of a notice of non-renewal by COUNTY.

23 TENTH: SUCCESSORS IN INTEREST. The Contract shall
24 run with the land described in it and shall be bind-
25 ing upon the heirs, successors and assigns of the
26 OWNER and COUNTY.

WHEREAS, the County of Yolo, State of California, is the owner of the hereinafter described real property; and

WHEREAS, it is in the judgment of this Board of Supervisors in the best interest of the County of Yolo to offer said real property for sale;

NOW, THEREFORE, BE IT RESOLVED, FOUND AND ORDERED by the Board of Supervisors of the County of Yolo as follows:

1. This Board declares its intention to sell each of the hereinafter described parcels of real property.

2. The parcels of real property to be sold are located in the County of Yolo, State of California, and more particularly described as set forth in Exhibit One attached hereto and incorporated by reference as if set forth at length herein.

3. The minimum price specified for the property is as follows:

4. The sale shall be upon the following terms and conditions:

a. Each parcel of real property shall be sold as determined by this Board upon acceptance of a proposal either for cash or for part cash consisting of no less than twenty percent (20%) of the purchase price and the remainder of the purchase price shall be paid in equal monthly deferred payments payable on the first day of each month over a period not to exceed ten (10) years, together with interest thereon at 7-1/2%, secured by a purchase money deed of trust in a form acceptable to this Board.

b. Sealed proposals upon forms provided by County

1 shall be received by the County Clerk of County at or before the
2 time of the public meeting of the Board of Supervisors fixed
3 herein.

4 c. At the time and place fixed in the resolution
5 for the meeting of the Board of Supervisors, all sealed proposals
6 which have been received shall, in public session, be opened,
7 examined, and declared by the Board.

8 d. Of the proposals submitted which conform to all
9 terms and conditions specified in this resolution of intention
10 to sell in which are made by responsible bidders, the proposal
11 which is the highest shall be finally accepted, unless a higher
12 oral bid is accepted or the Board rejects all bids. The Board,
13 however, reserves the right to waive any informality in bids re-
14 ceived, and to accept any bid or combination of bids.

15 e. No commission shall be paid by the County of
16 Yolo upon any proposal submitted pursuant to this resolution.

17 f. Before accepting any written proposal, the Board
18 shall call for oral bids. If upon the call for oral bidding, any
19 responsible person offers to purchase either parcel of said
20 property upon the terms and conditions specified in this resolu-
21 tion for a price exceeding by at least 5% the highest written
22 proposal which is made by a responsible person, such highest oral

29 the responsibility of the bidder.

30 h. Each written or oral proposal must be accompanied
31 by a cashier's check or certified check in the amount of \$1,000.00

8 thereafter as may hereafter be designated by this Board.

9 j. If the person to whom the sale is confirmed
10 fails to deposit the balance of the purchase price as herein set
11 forth, County shall be released from all obligation to convey said
12 real property. By submitting a sealed proposal or by making an
13 oral bid, the person to whom the sale is confirmed agrees that it
14 would be impractical or extremely difficult to fix actual damages

16 a reasonable estimate of the damages and that the County retain
17 said deposit as its sole right to damages.

18 k. County shall deposit in escrow on or before
19 thirty (30) days after acceptance of the bid, a grant deed convey-
20 ing title to said real property free and clear of all liens or

1 be held at the regular place of meeting of this Board, Chambers
2 of the Board of Supervisors, Room 207, Courthouse, Woodland,
3 California, on the 26th day of October, 1971, at

- 25 are as follows:
- 26 FIRST: DECLARATION. This Land Use Contract is made
- 27 and entered into pursuant to the California Land
- 28 Conservation Act of 1965 as amended (Chapter 7 of
- 29 Part 1 of Division 1 of Title 5 of the Government
- 30 Code of California commencing with § 51200), herein-
- 31 after referred to as "the Act", including Article
- 32 3 of said Act entitled "Contracts" and is subject

1 to all of the provisions thereof pertaining to
2 contracts. It is the intent of the parties that
3 the restrictions imposed upon the subject property
4 by this Contract shall constitute those which may
5 be imposed upon property by Contract under the
6 aforementioned Act. The execution and recordation
7 of this Contract shall in no way restrict COUNTY
8 or OWNER from utilizing or benefiting from future
9 conservation or agricultural legislation enacted
10 by the California Legislature. Should COUNTY agree
11 to any provision in any other Contract under the
12 Land Conservation Act which provision is not in-
13 cluded herein and OWNER requests the inclusion of
14 such provision in this Contract such provision
15 shall be deemed added to this Contract upon written
16 request of OWNER to COUNTY and any other provision
17 hereof inconsistent with said provision shall be
18 deemed to be of no force and effect to the extent
19 of such inconsistency.

20 SECOND: RESTRICTIONS. During the term of this Con-
21 tract and any and all renewals thereof, the subject
22 property shall not be used for any purpose other
23 than agricultural use and the uses determined by
24 COUNTY pursuant to Government Code §§ 51231 or 51238
25 or by the Land Conservation Act of 1965 as amended
26 to be compatible with the agricultural use of land
27 within this preserve and subject to contract. No
28 structures shall be erected upon subject property
29 except such structures as may be directly related
30 to authorized uses of the land. The parties, through
31 appropriate action by COUNTY'S Board of Supervisors
32 in accordance with the Act and its rules adopted

1 thereunder, and written consent of OWNER, may from
2 time to time during the term of this Contract and
3 renewals thereof add to and/or delete from said
4 permissible uses of the subject property. If any
5 use otherwise permissible hereunder is not permis-
6 sible under any planning or zoning restriction
7 now or hereafter applicable to any of the property
8 then it shall likewise be deemed not legally avail-
9 able to OWNER by the provisions of this Contract,
10 and if any use is permissible under any such planning
11 or zoning provision but is not determined as set
12 forth above to be compatible with the agricultural
13 use of land within this preserve and subject to con-
14 tract, then it shall not be deemed legally available
15 to OWNER hereunder.

16 THIRD: EMINENT DOMAIN. When any action in eminent
17 domain for the condemnation of the fee title of an
18 entire parcel of land subject to a contract is filed
19 or when such land is acquired in lieu of eminent
20 domain for a public improvement by a public agency
21 or a person or whenever there is any such action or
22 acquisition by the Federal government or any person,
23 instrumentality or agency acting under authority or
24 power of the Federal government, such contract shall
25 be deemed null and void as to the land actually
26 being condemned or so acquired as of the date the
27 action is filed, and for the purposes of establish-
28 ing value of such land the contract shall be deemed
29 never to have existed.

30 When such an action to condemn or acquire
31 less than all of a parcel of land subject to a con-
32 tract is commenced, the contract shall be deemed

1 null and void as to the land actually condemned or
2 acquired and shall be disregarded in the valuation
3 process only as to the land actually being taken,
4 unless the remaining land subject to contract will
5 be adversely affected by the condemnation, in which
6 case the value of that damage shall be computed
7 without regard to the contract.

8 The contract shall be null, and void for all
9 land actually taken or acquired; provided, however,
10 that should any such action be dismissed, or should
11 any interest be conveyed for non-public use, the
12 contract shall be reinstated as of the date the
13 action is dismissed or the conveyance is recorded.

14 FOURTH: TERM AND RENEWAL. The initial term of the
15 Contract shall be for ten (10) years, commencing as
16 of the first day of March next succeeding the date
17 of approval of the contract by the Board of Super-
18 visors of the County of Yolo, and shall terminate
19 on the last day of February of the tenth (10) year
20 thereafter. The first day of March shall be deemed
21 to be the "anniversary date" of the Contract, and on
22 the anniversary date of the Contract a year shall
23 be automatically added to the term unless notice
24 of non-renewal is given as herein provided. If either
25 OWNER or COUNTY desires in any year not to renew
26 the Contract, that party shall serve written notice
27 of non-renewal of the Contract upon the other party
28 in advance of the anniversary date. Unless such
29 written notice is served by OWNER at least ninety
30 (90) days prior to the anniversary date or by COUNTY
31 at least sixty (60) days prior to renewal date, the
32 Contract shall be considered renewed as provided

1 above. At any time prior to the anniversary date
2 either party may in writing withdraw its notice of
3 non-renewal. Upon request by the OWNER, the Board
4 of Supervisors may authorize OWNER to serve notice
5 of non-renewal on a portion of the land under con-
6 tract.

7 FIFTH: NO PUBLIC FUNDS. The OWNER understands that
8 he is not entitled to any public funds by reason of
9 the execution of the Contract or any renewal thereof
10 although the use of the subject property is limited
11 as aforesaid.

12 SIXTH: TERMINATION. Subject to the procedural
13 conditions contained herein, OWNER may elect to
14 terminate the Contract without penalty when one of
15 the following circumstances is found to exist:

- 16 (a) The laws of California cease to implement
17 Article XXVIII of the State Constitution in a
18 manner providing benefits and restrictions
19 substantially similar to those embodied in
20 Article 1.5 (commencing with § 421) of Chapter
21 3 of Part 2 of Division 1 of the Revenue and
22 Taxation Code. To be substantially similar, it
23 is hereby agreed that said implementing measures
24 must include provisions for a land valuation
25 system basing value of the land on those uses
26 legally available to OWNER as the basis for
27 assessment, and must not require that OWNER
28 permit entry of the public on subject property.
- 29 (b) Future conservation or agricultural legislation
30 achieving a substantially similar public benefit
31 is enacted by the California Legislature and is
32 applied to subject property.

1 (c) The real property tax is abolished as a source
2 of revenue.

3 The following procedures shall be followed to elect the
4 termination of the Contract:

5 (a) Written notice of the election to terminate the
6 Contract shall be given the Board of Supervisors
7 of Yolo County by OWNER.

8 (b) The Board of Supervisors shall have thirty (30)
9 calendar days to review the proposal and the in-
10 formation submitted in support thereof.

11 (c) If the Board does not act within said thirty (30)
12 days to set a hearing within an additional thirty
13 (30) days, it shall effect the termination by
14 recording a notice of termination with the County
15 Recorder and filing a copy thereof with the State
16 Department of Agriculture. If the Board so sets
17 a hearing, it shall give notice to OWNER and
18 shall consider the election to terminate in the
19 same manner as it would a request for cancellation
20 as provided in Section SEVENTH of the Contract.

21 SEVENTH: CANCELLATION. The Contract may not be can-
22 celled in whole or part except pursuant to a request
23 by OWNER as provided herein.

24 (a) The Board of Supervisors of COUNTY may approve
25 the cancellation of the Contract only if it finds
26 that cancellation is not inconsistent with the
27 purposes of the California Land Conservation Act
28 and is in the public interest. The existence of
29 an opportunity for another use of the land in-
30 volved shall not be sufficient reason for the
31 cancellation of the Contract. A potential
32 alternative use of the land may be considered

1 only if there is no proximate land not subject
2 to a land use contract pursuant to the Williamson
3 Act suitable for the use to which it is proposed
4 the subject property be put. The uneconomic
5 character of an existing agricultural use shall
6 likewise not be sufficient reason for cancella-
7 tion of the Contract. The uneconomic character
8 of an existing use may be considered only if
9 there is no other reasonable or comparable
10 agricultural use to which the land may be put.

11 (b) Prior to any action by the Board of Supervisors
12 giving tentative approval to the cancellation of
13 any contract, the County Assessor shall determine
14 the full cash value of the land as though it were
15 free of the contractual restriction. The Assessor
16 shall multiply such value by the most recent
17 County ratio announced pursuant to § 401 of the
18 Revenue and Taxation Code and shall certify the
19 product to the Board of Supervisors as the can-
20 cellation valuation for the purpose of determin-
21 ing the cancellation fee.

22 (c) Prior to giving tentative approval to the cancel-
23 lation of the contract, the Board of Supervisors
24 shall determine and certify to the County Auditor
25 the amount of the cancellation fee which OWNER
26 must pay to the County Treasurer as deferred taxes
27 upon cancellation. That fee shall be an amount
28 equal to 50% of the cancellation value of the
29 property; provided, however, if after the date
30 the contract was initially entered into, the
31 publicly announced county ratio of assessed value
32 to full cash value is changed, the percentage

1 payment in this subdivision shall be changed so
2 no greater percentage of full cash value will be
3 paid than would have been paid had there been no
4 change in ratio.

5 (d) If the Board of Supervisors finds that it is in
6 the public interest to do so, it may waive any
7 such payment or any portion thereof, or may make
8 such payment or a portion thereof contingent upon
9 the future use of the land and its economic re-
10 turn to OWNER for a period of time not to exceed
11 the unexpired term of the Contract had it not
12 been cancelled provided:

- 13 1) The cancellation is caused by an involun-
14 tary transfer or change in the use which
15 may be made of the land, and the land is
16 not immediately suitable, nor will be im-
17 mediately used, for a purpose which produces
18 a greater economic return to OWNER; and
- 19 2) The Board of Supervisors has determined it
20 is in the best interest of the program to
21 conserve agricultural land use that such
22 payment be either deferred or not required.

23 (e) When the deferred taxes required by this section
24 are collected, the County Treasurer shall distri-
25 bute the taxes in accordance with the provisions
26 of Government Code § 51283(d).

27 (f) Upon tentative approval of the cancellation peti-
28 tion, the Clerk of the Board of Supervisors shall
29 record in the Office of the County Recorder a
30 certificate which shall set forth the name of the
31 owner of such land at the time the Contract was
32 cancelled with the amount of the cancellation fee

1 certified by the Board of Supervisors as being
2 due pursuant to this section, the contingency of
3 any waiver or deferment of payments, and a legal
4 description of the property. From the date of
5 recording of such certificate the Contract shall
6 be finally cancelled and, to the extent the can-
7 cellation fee has not yet been paid, a lien shall
8 be created and attached against the real property
9 described therein and any other real property
10 owned by the person named therein as the owner
11 and located within the County of Yolo. Such lien
12 shall have the force, effect and priority of a
13 judgment lien. Nothing in this section shall pre-
14 clude the Board of Supervisors from requiring
15 payment in full of the cancellation fee prior to
16 the cancellation becoming effective.

17 (g) In no case shall the cancellation of a Contract
18 be final until the notice of cancellation is
19 actually recorded as provided herein. Notwith-
20 standing any provisions of the Revenue and Taxa-
21 tion Code, any payments required by this section
22 shall not create nor impose a lien or charge on
23 the land as to which a contract is cancelled
24 except as herein provided.

25 (h) Upon the payment of the cancellation fee or any
26 portion thereof, the Clerk of the Board of Super-
27 visors shall record with the County Recorder a
28 written certificate of the release in whole or
29 in part of the lien.

30 (i) No tentative approval of cancellation may be
31 given until after the Board of Supervisors has
32 caused notice to be given of and has held a public

1 hearing on the matter. Notice of hearing shall
2 be mailed to each and every owner of property
3 under contract within this agricultural preserve
4 and shall be published pursuant to § 6061 of the
5 Government Code. The owner of any property
6 located in the County of Yolo may protest such
7 cancellation; however, such protest shall be
8 advisory only and shall not be binding upon the
9 Board of Supervisors.

10 EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event
11 the subject property of the Contract is divided, a
12 Contract identical to the Contract then covering the
13 original parcel shall be executed by OWNER on each
14 parcel created by the division at the time of the
15 division. Any agency making an order of division or
16 COUNTY which has jurisdiction shall require, as a con-
17 dition of approval of the division, the execution of
18 the Contracts provided for in this paragraph.

19 NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of
20 any land under the Contract from an agricultural pre-
21 serve either by change of boundaries of the preserve
22 or disestablishment of the preserve shall be the
23 equivalent of a notice of non-renewal by COUNTY.

24 TENTH: SUCCESSORS IN INTEREST. The Contract shall
25 run with the land described in it and shall be binding
26 upon the heirs, successors and assigns of the OWNER
27 and COUNTY.

- 28 8. The uses determined by COUNTY to be agricultural uses
29 and uses compatible with the agricultural use of the
30 land within the preserve and subject to contract are
31 as follows:

32 A. Agricultural Uses:

1. Agriculture, including any customary agricultural buildings and structures, and such uses as, but not limited to, livestock ranges, animal husbandry, field crops, fallow, withdrawal from production pursuant to Federal agricultural programs such as but not limited to that authorized by the Crop and Adjustment Act, tree crops, nurseries and greenhouses together with all necessary equipment and facilities for support and maintenance of the operation.

5 XXVIII of the State Constitution and Article 1.5 (commencing with
6 § 421) of Chapter 3 of Part 2 of Division 1 of the Revenue and
7 Taxation Code.

8 10. A portion of the land included in said applications
9 and said Contracts is located within one mile of an incorporated

12 written notice of hearing upon said application to include the
13 parcels covered by said Contracts within a preserve to the City
14 of Woodland.

15 12. The Clerk of this Board gave at least thirty (30)
16 days written notice that the Board of Supervisors intended to

21 NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the

- 23 1. Each of the foregoing recitals is true and correct.
- 24 2. The action taken by this resolution is in conformance

- 2 c. is predominantly Class I, II, or III soils, or
- 3 satisfies the purposes of the agricultural pre-
- 4 serve in the following ways:
- 5 1) tends to maintain the agricultural economy
- 6 and
- 7 2) tends to prevent premature or unnecessary
- 8 conversion from agriculture, and
- 9 3) tends to assist in the preservation of
- 10 prime lands, and
- 11 4) to preserve lands with public value as
- 12 open space.
- 13 5. Said agricultural preserves are hereby declared
- 14 established or enlarged to include the territory
- 15 described in said Exhibit "A", for the purpose of
- 16 defining the bounds of those areas within which the
- 17 County of Yolo is willing to enter into Land Use
- 18 Contracts pursuant to the Land Conservation Act of
- 19 1965.
- 20 6. A map of such agricultural preserves is attached
- 21 hereto marked Exhibit "B" which is incorporated by
- 22 reference.
- 23 7. The terms and conditions upon which the County of
- 24 Yolo is willing to enter into Land Use Contracts
- 25 are as follows:
- 26 FIRST: DECLARATION. This Land Use Contract is made
- 27 and entered into pursuant to the California Land
- 28 Conservation Act of 1965 as amended (Chapter 7 of
- 29 Part 1 of Division 1 of Title 5 of the Government
- 30 Code of California commencing with § 51200), herein-
- 31 after referred to as "the Act", including Article
- 32 3 of said Act entitled "Contracts" and is subject

1 to all of the provisions thereof pertaining to
2 contracts. It is the intent of the parties that
3 the restrictions imposed upon the subject property
4 by this Contract shall constitute those which may
5 be imposed upon property by Contract under the
6 aforementioned Act. The execution and recordation
7 of this Contract shall in no way restrict COUNTY
8 or OWNER from utilizing or benefiting from future
9 conservation or agricultural legislation enacted
10 by the California Legislature. Should COUNTY agree
11 to any provision in any other Contract under the
12 Land Conservation Act which provision is not in-
13 cluded herein and OWNER requests the inclusion of
14 such provision in this Contract such provision
15 shall be deemed added to this Contract upon written
16 request of OWNER to COUNTY and any other provision
17 hereof inconsistent with said provision shall be
18 deemed to be of no force and effect to the extent
19 of such inconsistency.

20 SECOND: RESTRICTIONS. During the term of this Con-
21 tract and any and all renewals thereof, the subject
22 property shall not be used for any purpose other
23 than agricultural use and the uses determined by
24 COUNTY pursuant to Government Code §§ 51231 or 51238
25 or by the Land Conservation Act of 1965 as amended
26 to be compatible with the agricultural use of land
27 within this preserve and subject to contract. No
28 structures shall be erected upon subject property
29 except such structures as may be directly related
30 to authorized uses of the land. The parties, through
31 appropriate action by COUNTY'S Board of Supervisors
32 in accordance with the Act and its rules adopted

1 thereunder, and written consent of OWNER, may from
2 time to time during the term of this Contract and
3 renewals thereof add to and/or delete from said
4 permissible uses of the subject property. If any
5 use otherwise permissible hereunder is not permis-
6 sible under any planning or zoning restriction
7 now or hereafter applicable to any of the property
8 then it shall likewise be deemed not legally avail-
9 able to OWNER by the provisions of this Contract,
10 and if any use is permissible under any such planning
11 or zoning provision but is not determined as set
12 forth above to be compatible with the agricultural
13 use of land within this preserve and subject to con-
14 tract, then it shall not be deemed legally available
15 to OWNER hereunder.

16 THIRD: EMINENT DOMAIN. When any action in eminent
17 domain for the condemnation of the fee title of an
18 entire parcel of land subject to a contract is filed
19 or when such land is acquired in lieu of eminent
20 domain for a public improvement by a public agency
21 or a person or whenever there is any such action or
22 acquisition by the Federal government or any person,
23 instrumentality or agency acting under authority or
24 power of the Federal government, such contract shall
25 be deemed null and void as to the land actually
26 being condemned or so acquired as of the date the
27 action is filed, and for the purposes of establish-
28 ing value of such land the contract shall be deemed
29 never to have existed.

30 When such an action to condemn or acquire
31 less than all of a parcel of land subject to a con-
32 tract is commenced, the contract shall be deemed

1 null and void as to the land actually condemned or
2 acquired and shall be disregarded in the valuation
3 process only as to the land actually being taken,
4 unless the remaining land subject to contract will
5 be adversely affected by the condemnation, in which
6 case the value of that damage shall be computed
7 without regard to the contract.

8 The contract shall be null and void for all
9 land actually taken or acquired; provided, however,
10 that should any such action be dismissed, or should
11 any interest be conveyed for non-public use, the
12 contract shall be reinstated as of the date the
13 action is dismissed or the conveyance is recorded.
14 FOURTH: TERM AND RENEWAL. The initial term of the
15 Contract shall be for ten (10) years, commencing as
16 of the first day of March next succeeding the date
17 of approval of the contract by the Board of Super-
18 visors of the County of Yolo, and shall terminate
19 on the last day of February of the tenth (10) year
20 thereafter. The first day of March shall be deemed
21 to be the "anniversary date" of the Contract, and on
22 the anniversary date of the Contract a year shall
23 be automatically added to the term unless notice
24 of non-renewal is given as herein provided. If either
25 OWNER or COUNTY desires in any year not to renew
26 the Contract, that party shall serve written notice
27 of non-renewal of the Contract upon the other party
28 in advance of the anniversary date. Unless such
29 written notice is served by OWNER at least ninety
30 (90) days prior to the anniversary date or by COUNTY
31 at least sixty (60) days prior to renewal date, the
32 Contract shall be considered renewed as provided

1 above. At any time prior to the anniversary date
2 either party may in writing withdraw its notice of
3 non-renewal. Upon request by the OWNER, the Board
4 of Supervisors may authorize OWNER to serve notice
5 of non-renewal on a portion of the land under con-
6 tract.

7 FIFTH: NO PUBLIC FUNDS. The OWNER understands that
8 he is not entitled to any public funds by reason of
9 the execution of the Contract or any renewal thereof
10 although the use of the subject property is limited
11 as aforesaid.

12 SIXTH: TERMINATION. Subject to the procedural
13 conditions contained herein, OWNER may elect to
14 terminate the Contract without penalty when one of
15 the following circumstances is found to exist:

- 16 (a) The laws of California cease to implement
17 Article XXVIII of the State Constitution in a
18 manner providing benefits and restrictions
19 substantially similar to those embodied in
20 Article 1.5 (commencing with § 421) of Chapter
21 3 of Part 2 of Division 1 of the Revenue and
22 Taxation Code. To be substantially similar, it
23 is hereby agreed that said implementing measures
24 must include provisions for a land valuation
25 system basing value of the land on those uses
26 legally available to OWNER as the basis for
27 assessment, and must not require that OWNER
28 permit entry of the public on subject property.
- 29 (b) Future conservation or agricultural legislation
30 achieving a substantially similar public benefit
31 is enacted by the California Legislature and is
32 applied to subject property.

1 (c) The real property tax is abolished as a source
2 of revenue.

3 The following procedures shall be followed to elect the
4 termination of the Contract:

5 (a) Written notice of the election to terminate the
6 Contract shall be given the Board of Supervisors
7 of Yolo County by OWNER.

8 (b) The Board of Supervisors shall have thirty (30)
9 calendar days to review the proposal and the in-
10 formation submitted in support thereof.

11 (c) If the Board does not act within said thirty (30)
12 days to set a hearing within an additional thirty
13 (30) days, it shall effect the termination by
14 recording a notice of termination with the County
15 Recorder and filing a copy thereof with the State
16 Department of Agriculture. If the Board so sets
17 a hearing, it shall give notice to OWNER and
18 shall consider the election to terminate in the
19 same manner as it would a request for cancellation
20 as provided in Section SEVENTH of the Contract.

21 SEVENTH: CANCELLATION. The Contract may not be can-
22 celled in whole or part except pursuant to a request
23 by OWNER as provided herein.

24 (a) The Board of Supervisors of COUNTY may approve
25 the cancellation of the Contract only if it finds
26 that cancellation is not inconsistent with the
27 purposes of the California Land Conservation Act
28 and is in the public interest. The existence of
29 an opportunity for another use of the land in-
30 volved shall not be sufficient reason for the
31 cancellation of the Contract. A potential
32 alternative use of the land may be considered

1 only if there is no proximate land not subject
2 to a land use contract pursuant to the Williamson
3 Act suitable for the use to which it is proposed
4 the subject property be put. The uneconomic
5 character of an existing agricultural use shall
6 likewise not be sufficient reason for cancella-
7 tion of the Contract. The uneconomic character
8 of an existing use may be considered only if
9 there is no other reasonable or comparable
10 agricultural use to which the land may be put.

11 (b) Prior to any action by the Board of Supervisors
12 giving tentative approval to the cancellation of
13 any contract, the County Assessor shall determine
14 the full cash value of the land as though it were
15 free of the contractual restriction. The Assessor
16 shall multiply such value by the most recent
17 County ratio announced pursuant to § 401 of the
18 Revenue and Taxation Code and shall certify the
19 product to the Board of Supervisors as the can-
20 cellation valuation for the purpose of determin-
21 ing the cancellation fee.

22 (c) Prior to giving tentative approval to the cancel-
23 lation of the contract, the Board of Supervisors
24 shall determine and certify to the County Auditor
25 the amount of the cancellation fee which OWNER
26 must pay to the County Treasurer as deferred taxes
27 upon cancellation. That fee shall be an amount
28 equal to 50% of the cancellation value of the
29 property; provided, however, if after the date
30 the contract was initially entered into, the
31 publicly announced county ratio of assessed value
32 to full cash value is changed, the percentage

1 payment in this subdivision shall be changed so
2 no greater percentage of full cash value will be
3 paid than would have been paid had there been no
4 change in ratio.

5 (d) If the Board of Supervisors finds that it is in
6 the public interest to do so, it may waive any
7 such payment or any portion thereof, or may make
8 such payment or a portion thereof contingent upon
9 the future use of the land and its economic re-
10 turn to OWNER for a period of time not to exceed
11 the unexpired term of the Contract had it not
12 been cancelled provided:

- 13 1) The cancellation is caused by an involun-
14 tary transfer or change in the use which
15 may be made of the land, and the land is
16 not immediately suitable, nor will be im-
17 mediately used, for a purpose which produces
18 a greater economic return to OWNER; and
19 2) The Board of Supervisors has determined it
20 is in the best interest of the program to
21 conserve agricultural land use that such
22 payment be either deferred or not required.

23 (e) When the deferred taxes required by this section
24 are collected, the County Treasurer shall distri-
25 bute the taxes in accordance with the provisions
26 of Government Code § 51283(d).

27 (f) Upon tentative approval of the cancellation peti-
28 tion, the Clerk of the Board of Supervisors shall
29 record in the Office of the County Recorder a
30 certificate which shall set forth the name of the
31 owner of such land at the time the Contract was
32 cancelled with the amount of the cancellation fee

1 certified by the Board of Supervisors as being
2 due pursuant to this section, the contingency of
3 any waiver or deferment of payments, and a legal
4 description of the property. From the date of
5 recording of such certificate the Contract shall
6 be finally cancelled and, to the extent the can-
7 cellation fee has not yet been paid, a lien shall
8 be created and attached against the real property
9 described therein and any other real property
10 owned by the person named therein as the owner
11 and located within the County of Yolo. Such lien
12 shall have the force, effect and priority of a
13 judgment lien. Nothing in this section shall pre-
14 clude the Board of Supervisors from requiring
15 payment in full of the cancellation fee prior to
16 the cancellation becoming effective.

17 (g) In no case shall the cancellation of a Contract
18 be final until the notice of cancellation is
19 actually recorded as provided herein. Notwith-
20 standing any provisions of the Revenue and Taxa-
21 tion Code, any payments required by this section
22 shall not create nor impose a lien or charge on
23 the land as to which a contract is cancelled
24 except as herein provided.

25 (h) Upon the payment of the cancellation fee or any
26 portion thereof, the Clerk of the Board of Super-
27 visors shall record with the County Recorder a
28 written certificate of the release in whole or
29 in part of the lien.

30 (i) No tentative approval of cancellation may be
31 given until after the Board of Supervisors has
32 caused notice to be given of and has held a public

1 hearing on the matter. Notice of hearing shall
2 be mailed to each and every owner of property
3 under contract within this agricultural preserve
4 and shall be published pursuant to § 6061 of the
5 Government Code. The owner of any property
6 located in the County of Yolo may protest such
7 cancellation; however, such protest shall be
8 advisory only and shall not be binding upon the
9 Board of Supervisors.

10 EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event
11 the subject property of the Contract is divided, a
12 Contract identical to the Contract then covering the
13 original parcel shall be executed by OWNER on each
14 parcel created by the division at the time of the
15 division. Any agency making an order of division or
16 COUNTY which has jurisdiction shall require, as a con-
17 dition of approval of the division, the execution of
18 the Contracts provided for in this paragraph.

19 NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of
20 any land under the Contract from an agricultural pre-
21 serve either by change of boundaries of the preserve
22 or disestablishment of the preserve shall be the
23 equivalent of a notice of non-renewal by COUNTY.

24 TENTH: SUCCESSORS IN INTEREST. The Contract shall
25 run with the land described in it and shall be binding
26 upon the heirs, successors and assigns of the OWNER
27 and COUNTY.

28 8. The uses determined by COUNTY to be agricultural uses
29 and uses compatible with the agricultural use of the
30 land within the preserve and subject to contract are

- 19 1965.
- 20 6. A map of such agricultural preserves is attached
- 21 hereto marked Exhibit "B" which is incorporated by

- 23 7. The terms and conditions upon which the County of
- 24 Yolo is willing to enter into Land Use Contracts
- 25 are as follows:
- 26 FIRST: DECLARATION. This Land Use Contract is made
- 27 and entered into pursuant to the California Land
- 28 Conservation Act of 1965 as amended (Chapter 7 of
- 29 Part 1 of Division 1 of Title 5 of the Government
- 30 Code of California commencing with § 51200), herein-
- 31 after referred to as "the Act", including Article
- 32 3 of said Act entitled "Contracts" and is subject

1 to all of the provisions thereof pertaining to
2 contracts. It is the intent of the parties that
3 the restrictions imposed upon the subject property
4 by this Contract shall constitute those which may
5 be imposed upon property by Contract under the
6 aforementioned Act. The execution and recordation
7 of this Contract shall in no way restrict COUNTY
8 or OWNER from utilizing or benefiting from future
9 conservation or agricultural legislation enacted
10 by the California Legislature. Should COUNTY agree
11 to any provision in any other Contract under the
12 Land Conservation Act which provision is not in-
13 cluded herein and OWNER requests the inclusion of
14 such provision in this Contract such provision
15 shall be deemed added to this Contract upon written
16 request of OWNER to COUNTY and any other provision
17 hereof inconsistent with said provision shall be
18 deemed to be of no force and effect to the extent
19 of such inconsistency.

20 SECOND: RESTRICTIONS. During the term of this Con-
21 tract and any and all renewals thereof, the subject
22 property shall not be used for any purpose other
23 than agricultural use and the uses determined by
24 COUNTY pursuant to Government Code §§ 51231 or 51238
25 or by the Land Conservation Act of 1965 as amended
26 to be compatible with the agricultural use of land
27 within this preserve and subject to contract. No
28 structures shall be erected upon subject property
29 except such structures as may be directly related
30 to authorized uses of the land. The parties, through
31 appropriate action by COUNTY'S Board of Supervisors
32 in accordance with the Act and its rules adopted

1 thereunder, and written consent of OWNER, may from
2 time to time during the term of this Contract and
3 renewals thereof add to and/or delete from said
4 permissible uses of the subject property. If any
5 use otherwise permissible hereunder is not permis-
6 sible under any planning or zoning restriction
7 now or hereafter applicable to any of the property
8 then it shall likewise be deemed not legally avail-
9 able to OWNER by the provisions of this Contract,
10 and if any use is permissible under any such planning
11 or zoning provision but is not determined as set
12 forth above to be compatible with the agricultural
13 use of land within this preserve and subject to con-
14 tract, then it shall not be deemed legally available
15 to OWNER hereunder.

16 THIRD: EMINENT DOMAIN. When any action in eminent
17 domain for the condemnation of the fee title of an
18 entire parcel of land subject to a contract is filed
19 or when such land is acquired in lieu of eminent
20 domain for a public improvement by a public agency
21 or a person or whenever there is any such action or
22 acquisition by the Federal government or any person,
23 instrumentality or agency acting under authority or
24 power of the Federal government, such contract shall
25 be deemed null and void as to the land actually
26 being condemned or so acquired as of the date the
27 action is filed, and for the purposes of establish-
28 ing value of such land the contract shall be deemed
29 never to have existed.

30 When such an action to condemn or acquire
31 less than all of a parcel of land subject to a con-
32 tract is commenced, the contract shall be deemed

1 null and void as to the land actually condemned or
2 acquired and shall be disregarded in the valuation
3 process only as to the land actually being taken,
4 unless the remaining land subject to contract will
5 be adversely affected by the condemnation, in which
6 case the value of that damage shall be computed
7 without regard to the contract.

8 The contract shall be null and void for all
9 land actually taken or acquired; provided, however,
10 that should any such action be dismissed, or should
11 any interest be conveyed for non-public use, the
12 contract shall be reinstated as of the date the
13 action is dismissed or the conveyance is recorded.
14 FOURTH: TERM AND RENEWAL. The initial term of the
15 Contract shall be for ten (10) years, commencing as
16 of the first day of March next succeeding the date
17 of approval of the contract by the Board of Super-
18 visors of the County of Yolo, and shall terminate
19 on the last day of February of the tenth (10) year
20 thereafter. The first day of March shall be deemed
21 to be the "anniversary date" of the Contract, and on
22 the anniversary date of the Contract a year shall
23 be automatically added to the term unless notice
24 of non-renewal is given as herein provided. If either
25 OWNER or COUNTY desires in any year not to renew
26 the Contract, that party shall serve written notice
27 of non-renewal of the Contract upon the other party
28 in advance of the anniversary date. Unless such
29 written notice is served by OWNER at least ninety
30 (90) days prior to the anniversary date or by COUNTY
31 at least sixty (60) days prior to renewal date, the
32 Contract shall be considered renewed as provided

1 above. At any time prior to the anniversary date
2 either party may in writing withdraw its notice of
3 non-renewal. Upon request by the OWNER, the Board
4 of Supervisors may authorize OWNER to serve notice
5 of non-renewal on a portion of the land under con-
6 tract.

7 FIFTH: NO PUBLIC FUNDS. The OWNER understands that
8 he is not entitled to any public funds by reason of
9 the execution of the Contract or any renewal thereof
10 although the use of the subject property is limited
11 as aforesaid.

12 SIXTH: TERMINATION. Subject to the procedural
13 conditions contained herein, OWNER may elect to
14 terminate the Contract without penalty when one of
15 the following circumstances is found to exist:

- 16 (a) The laws of California cease to implement
17 Article XXVIII of the State Constitution in a
18 manner providing benefits and restrictions
19 substantially similar to those embodied in
20 Article 1.5 (commencing with § 421) of Chapter
21 3 of Part 2 of Division 1 of the Revenue and
22 Taxation Code. To be substantially similar, it
23 is hereby agreed that said implementing measures
24 must include provisions for a land valuation
25 system basing value of the land on those uses
26 legally available to OWNER as the basis for
27 assessment, and must not require that OWNER
28 permit entry of the public on subject property.
- 29 (b) Future conservation or agricultural legislation
30 achieving a substantially similar public benefit
31 is enacted by the California Legislature and is
32 applied to subject property.

1 (c) The real property tax is abolished as a source
2 of revenue.

3 The following procedures shall be followed to elect the
4 termination of the Contract:

5 (a) Written notice of the election to terminate the
6 Contract shall be given the Board of Supervisors
7 of Yolo County by OWNER.

8 (b) The Board of Supervisors shall have thirty (30)
9 calendar days to review the proposal and the in-
10 formation submitted in support thereof.

11 (c) If the Board does not act within said thirty (30)
12 days to set a hearing within an additional thirty
13 (30) days, it shall effect the termination by
14 recording a notice of termination with the County
15 Recorder and filing a copy thereof with the State
16 Department of Agriculture. If the Board so sets
17 a hearing, it shall give notice to OWNER and
18 shall consider the election to terminate in the
19 same manner as it would a request for cancellation
20 as provided in Section SEVENTH of the Contract.

21 SEVENTH: CANCELLATION. The Contract may not be can-
22 celled in whole or part except pursuant to a request
23 by OWNER as provided herein.

24 (a) The Board of Supervisors of COUNTY may approve
25 the cancellation of the Contract only if it finds
26 that cancellation is not inconsistent with the
27 purposes of the California Land Conservation Act
28 and is in the public interest. The existence of
29 an opportunity for another use of the land in-
30 volved shall not be sufficient reason for the
31 cancellation of the Contract. A potential
32 alternative use of the land may be considered

1 only if there is no proximate land not subject
2 to a land use contract pursuant to the Williamson
3 Act suitable for the use to which it is proposed
4 the subject property be put. The uneconomic
5 character of an existing agricultural use shall
6 likewise not be sufficient reason for cancella-
7 tion of the Contract. The uneconomic character
8 of an existing use may be considered only if
9 there is no other reasonable or comparable
10 agricultural use to which the land may be put.

11 (b) Prior to any action by the Board of Supervisors
12 giving tentative approval to the cancellation of
13 any contract, the County Assessor shall determine
14 the full cash value of the land as though it were
15 free of the contractual restriction. The Assessor
16 shall multiply such value by the most recent
17 County ratio announced pursuant to § 401 of the
18 Revenue and Taxation Code and shall certify the
19 product to the Board of Supervisors as the can-
20 cellation valuation for the purpose of determin-
21 ing the cancellation fee.

22 (c) Prior to giving tentative approval to the cancel-
23 lation of the contract, the Board of Supervisors
24 shall determine and certify to the County Auditor
25 the amount of the cancellation fee which OWNER
26 must pay to the County Treasurer as deferred taxes
27 upon cancellation. That fee shall be an amount
28 equal to 50% of the cancellation value of the
29 property; provided, however, if after the date
30 the contract was initially entered into, the
31 publicly announced county ratio of assessed value
32 to full cash value is changed, the percentage

1 payment in this subdivision shall be changed so
2 no greater percentage of full cash value will be
3 paid than would have been paid had there been no
4 change in ratio.

5 (d) If the Board of Supervisors finds that it is in
6 the public interest to do so, it may waive any
7 such payment or any portion thereof, or may make
8 such payment or a portion thereof contingent upon
9 the future use of the land and its economic re-
10 turn to OWNER for a period of time not to exceed
11 the unexpired term of the Contract had it not
12 been cancelled provided:

13 1) The cancellation is caused by an involun-
14 tary transfer or change in the use which
15 may be made of the land, and the land is
16 not immediately suitable, nor will be im-
17 mediately used, for a purpose which produces
18 a greater economic return to OWNER; and

19 2) The Board of Supervisors has determined it
20 is in the best interest of the program to
21 conserve agricultural land use that such
22 payment be either deferred or not required.

23 (e) When the deferred taxes required by this section
24 are collected, the County Treasurer shall distri-
25 bute the taxes in accordance with the provisions
26 of Government Code § 51283(d).

27 (f) Upon tentative approval of the cancellation peti-
28 tion, the Clerk of the Board of Supervisors shall
29 record in the Office of the County Recorder a
30 certificate which shall set forth the name of the
31 owner of such land at the time the Contract was
32 cancelled with the amount of the cancellation fee

1 certified by the Board of Supervisors as being
2 due pursuant to this section, the contingency of
3 any waiver or deferment of payments, and a legal
4 description of the property. From the date of
5 recording of such certificate the Contract shall
6 be finally cancelled and, to the extent the can-
7 cellation fee has not yet been paid, a lien shall
8 be created and attached against the real property
9 described therein and any other real property
10 owned by the person named therein as the owner
11 and located within the County of Yolo. Such lien
12 shall have the force, effect and priority of a
13 judgment lien. Nothing in this section shall pre-
14 clude the Board of Supervisors from requiring
15 payment in full of the cancellation fee prior to
16 the cancellation becoming effective.

17 (g) In no case shall the cancellation of a Contract
18 be final until the notice of cancellation is
19 actually recorded as provided herein. Notwith-
20 standing any provisions of the Revenue and Taxa-
21 tion Code, any payments required by this section
22 shall not create nor impose a lien or change on
23 the land as to which a contract is cancelled
24 except as herein provided.

25 (h) Upon the payment of the cancellation fee or any
26 portion thereof, the Clerk of the Board of Super-
27 visors shall record with the County Recorder a
28 written certificate of the release in whole or
29 in part of the lien.

30 (i) No tentative approval of cancellation may be
31 given until after the Board of Supervisors has
32 caused notice to be given of and has held a public

1 hearing on the matter. Notice of hearing shall
2 be mailed to each and every owner of property
3 under contract within this agricultural preserve
4 and shall be published pursuant to § 6061 of the
5 Government Code. The owner of any property
6 located in the County of Yolo may protest such
7 cancellation; however, such protest shall be
8 advisory only and shall not be binding upon the
9 Board of Supervisors.

10 EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event
11 the subject property of the Contract is divided, a
12 Contract identical to the Contract then covering the
13 original parcel shall be executed by OWNER on each
14 parcel created by the division at the time of the
15 division. Any agency making an order of division or
16 COUNTY which has jurisdiction shall require, as a con-
17 dition of approval of the division, the execution of
18 the Contracts provided for in this paragraph.

19 NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of
20 any land under the Contract from an agricultural pre-
21 serve either by change of boundaries of the preserve
22 or disestablishment of the preserve shall be the
23 equivalent of a notice of non-renewal by COUNTY.

24 TENTH: SUCCESSORS IN INTEREST. The Contract shall
25 run with the land described in it and shall be binding
26 upon the heirs, successors and assigns of the OWNER
27 and COUNTY.

30 land within the preserve and subject to contract are

12 forth above to be compatible with the agricultural
13 use of land within this preserve and subject to
14 contract, then it shall not be deemed legally avail-
15 able to OWNER hereunder.

16 THIRD: EMINENT DOMAIN. When any action in eminent
17 domain for the condemnation of the fee title of an
18 entire parcel of land subject to a contract is
19 filed or when such land is acquired in lieu of
20 eminent domain for a public improvement by a public
21 agency or a person or whenever there is any such
22 action or acquisition by the Federal government or
23 any person, instrumentality or agency acting under
24 authority or power of the Federal government, such
25 contract shall be deemed null and void as to the
26 land actually being condemned or so acquired as of
27 the date the action is filed, and for the purposes
28 of establishing value of such land the contract shall
29 be deemed never to have existed.

30 When such an action to condemn or acquire
31 less than all of a parcel of land subject to a con-
32 tract is commenced, the contract shall be deemed

1 null and void as to the land actually condemned or
2 acquired and shall be disregarded in the valuation
3 process only as to the land actually being taken,
4 unless the remaining land subject to contract will
5 be adversely affected by the condemnation, in which
6 case the value of that damage shall be computed
7 without regard to the contract.

8 The contract shall be null and void for all
9 land actually taken or acquired; provided, however,
10 that should any such action be dismissed, or should
11 any interest be conveyed for non-public use, the
12 contract shall be reinstated as of the date the
13 action is dismissed or the conveyance is recorded.

14 FOURTH: TERM AND RENEWAL. The initial term of the
15 Contract shall be for ten (10) years, commencing as
16 of the first day of March next succeeding the date
17 of approval of the Contract by the Board of Super-
18 visors of the County of Yolo, and shall terminate
19 on the last day of February of the tenth (10th) year
20 thereafter. The first day of March shall be deemed
21 to be the "anniversary date" of the Contract, and on
22 the anniversary date of the Contract a year shall be
23 automatically added to the term unless notice of
24 non-renewal is given as herein provided. If either
25 OWNER or COUNTY desires in any year not to renew
26 the Contract, that party shall serve written notice
27 of non-renewal of the Contract upon the other party
28 in advance of the anniversary date. Unless such
29 written notice is served by OWNER at least ninety
30 (90) days prior to the anniversary date or by COUNTY
31 at least sixty (60) days prior to renewal date, the
32 Contract shall be considered renewed as provided.

1 above. At any time prior to the anniversary date
2 either party may in writing withdraw its notice of
3 non-renewal. Upon request by the OWNER, the Board
4 of Supervisors may authorize OWNER to serve notice of
5 non-renewal on a portion of the land under contract.
6 FIFTH: NO PUBLIC FUNDS. The OWNER understands that
7 he is not entitled to any public funds by reason of
8 the execution of the Contract or any renewal thereof
9 although the use of the subject property is limited
10 as aforesaid.

11 SIXTH: TERMINATION. Subject to the procedural
12 conditions contained herein, OWNER may elect to termi-
13 nate the Contract without penalty when one of the
14 following circumstances is found to exist:

15 (a) The laws of California cease to implement Article
16 XXVIII of the State Constitution in a manner
17 providing benefits and restrictions substantially
18 similar to those embodied in Article 1.5 (com-
19 mencing with § 421) of Chapter 3 of Part 2 of
20 Division 1 of the Revenue and Taxation Code. To
21 be substantially similar, it is hereby agreed that
22 said implementing measures must include provisions
23 for a land valuation system basing value of the
24 land on those uses legally available to OWNER as
25 the basis for assessment, and must not require
26 that OWNER permit entry of the public on subject
27 property.

28 (b) Future conservation or agricultural legislation
29 achieving a substantially similar public benefit
30 is enacted by the California Legislature and is
31 applied to subject property.

32 (c) The real property tax is abolished as a source

1 of revenue.

2 The following procedures shall be followed to elect
3 the termination of the Contract:

4 (a) Written notice of the election to terminate the
5 Contract shall be given the Board of Supervisors
6 of Yolo County by OWNER.

7 (b) The Board of Supervisors shall have thirty (30)
8 calendar days to review the proposal and the
9 information submitted in support thereof.

10 (c) If the Board does not act within said thirty (30)
11 days to set a hearing within an additional thirty
12 (30) days, it shall effect the termination by
13 recording a notice of termination with the County
14 Recorder and filing a copy thereof with the State
15 Department of Agriculture. If the Board so sets
16 a hearing, it shall give notice to OWNER and
17 shall consider the election to terminate in the
18 same manner as it would a request for cancella-
19 tion as provided in Section SEVENTH of the Con-
20 tract.

21 SEVENTH: CANCELLATION. The Contract may not be
22 cancelled in whole or part except pursuant to a re-
23 quest by OWNER as provided herein.

24 (a) The Board of Supervisors of COUNTY may approve
25 the cancellation of the Contract only if it finds
26 that cancellation is not inconsistent with the
27 purposes of the California Land Conservation Act
28 and is in the public interest. The existence of
29 an opportunity for another use of the land in-
30 volved shall not be sufficient reason for the
31 cancellation of the Contract. A potential
32 alternative use of the land may be considered

1 only if there is no proximate land not subject
2 to a Land Use Contract pursuant to the Williamson
3 Act suitable for the use to which it is proposed
4 the subject property be put. The uneconomic
5 character of an existing agricultural use shall
6 likewise not be sufficient reason for cancella-
7 tion of the Contract. The uneconomic character
8 of an existing use may be considered only if
9 there is no other reasonable or comparable agricul-
10 tural use to which the land may be put.

11 (b) Prior to any action by the Board of Supervisors
12 giving tentative approval to the cancellation of
13 any contract, the County Assessor shall determine
14 the full cash value of the land as though it were
15 free of the contractual restriction. The
16 Assessor shall multiply such value by the most
17 recent County ratio announced pursuant to § 401
18 of the Revenue & Taxation Code and shall certify
19 the product to the Board of Supervisors as the
20 cancellation valuation for the purpose of deter-
21 mining the cancellation fee.

22 (c) Prior to giving tentative approval to the cancel-
23 lation of the Contract, the Board of Supervisors
24 shall determine and certify to the County Auditor
25 the amount of the cancellation fee which OWNER
26 must pay to the County Treasurer as deferred
27 taxes upon cancellation. That fee shall be an
28 amount equal to 50% of the cancellation valuation
29 of the property; provided, however, if after the
30 date the contract was initially entered into, the
31 publicly announced county ratio of assessed value
32 to full cash value is changed, the percentage

1 payment in this subdivision shall be changed so
2 no greater percentage of full cash value will be
3 paid than would have been paid had there been no
4 change in ratio.

5 (d) If the Board of Supervisors finds that it is in
6 the public interest to do so, it may waive any
7 such payment or any portion thereof, or may make
8 such payment or a portion thereof contingent upon
9 the future use of the land and its economic re-
10 turn to OWNER for a period of time not to exceed
11 the unexpired term of the Contract had it not
12 been cancelled provided:

13 1) The cancellation is caused by an involuntary
14 transfer or change in the use which may be
15 made of the land, and the land is not im-
16 mediately used, for a purpose which produces
17 a greater economic return to OWNER; and

18 2) The Board of Supervisors has determined it
19 is in the best interest of the program to
20 conserve agricultural land use that such pay-
21 ment be either deferred or not required.

22 (e) When the deferred taxes required by this section
23 are collected, the County Treasurer shall distri-
24 bute the taxes in accordance with the provisions
25 of Government Code § 51283(d).

26 (f) Upon tentative approval of the cancellation peti-
27 tion, the Clerk of the Board of Supervisors shall
28 record in the Office of the County Recorder a
29 certificate which shall set forth the name of the
30 owner of such land at the time the Contract was
31 cancelled with the amount of the cancellation fee
32 certified by the Board of Supervisors as being

1 due pursuant to this section, the contingency of
2 any waiver or deferment of payments, and a legal
3 description of the property. From the date of
4 recording of such certificate the Contract shall
5 be finally cancelled and, to the extent the can-
6 cellation fee has not yet been paid, a lien shall
7 be created and attached against the real property
8 described therein and any other real property
9 owned by the person named therein as the owner
10 and located within the County of Yolo. Such lien
11 shall have the force, effect and priority of a
12 judgment lien. Nothing in this section shall pre-
13 clude the Board of Supervisors from requiring
14 payment in full of the cancellation fee prior to
15 the cancellation becoming effective.

16 (g) In no case shall the cancellation of a Contract
17 be final until the notice of cancellation is
18 actually recorded as provided herein. Notwith-
19 standing any provisions of the Revenue & Taxation
20 Code, any payments required by this section shall
21 not create nor impose a lien or charge on the
22 land as to which a contract is cancelled except
23 as herein provided.

24 (h) Upon the payment of the cancellation fee or any
25 portion thereof, the Clerk of the Board of Super-
26 visors shall record with the County Recorder a
27 written certificate of the release in whole or
28 in part of the lien.

29 (i) No tentative approval of cancellation may be
30 given until after the Board of Supervisors has
31 caused notice to be given of and has held a
32 public hearing on the matter. Notice of hearing

1 shall be mailed to each and every owner of
2 property under contract within this agricultural
3 preserve and shall be published pursuant to
4 § 6061 of the Government Code. The owner of any
5 property located in the County of Yolo may pro-
6 test such cancellation; however, such protest
7 shall be advisory only and shall not be binding
8 upon the Board of Supervisors.

9 EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event
10 the subject property of the Contract is divided, a
11 Contract identical to the Contract then covering the
12 original parcel shall be executed by OWNER on each
13 parcel created by the division at the time of the
14 division. Any agency making an order of division or
15 COUNTY which has jurisdiction shall require, as a
16 condition of approval of the division, the execution
17 of the Contracts provided for in this paragraph.

18 NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of
19 any land under the Contract from an agricultural
20 preserve either by change of boundaries of the pre-
21 serve or disestablishment of the preserve shall be
22 the equivalent of a notice of non-renewal by COUNTY.

23 TENTH: SUCCESSORS IN INTEREST. The Contract shall
24 run with the land described in it and shall be bind-
25 ing upon the heirs, successors and assigns of the
26 OWNER and COUNTY.
